

Thanksgiving Day . . . traditional observance of the greatest of feast days since the time of our Pilgrim Fathers. An occasion for national rejoicing throughout American households.

Up to now, through days of opulent plenty, we have taken the day of heavily laden festive boards for granted . . . the ritual of browned, crackling turkey, bright, tart, shining cranberry sauce, and rich, crusty, delicious pumpkin pie!

Not this year . . . we are awakened from our lethargy . . . we are mindful of the proud, humble Thanksgiving in our hearts . . . for the food that is set before us, for the multitude of blessings still showered upon free America. And before we eat we will once again make a pledge to fight, work, give sacrifice . . . do everything in every way to keep alive forever . . . Thanksgiving and our American rights.

**Lanky End Spoils Heppner's Chances**

A lanky six foot six-inch end on the Dayton football team spoiled Heppner's chance for a state "B" title last Friday afternoon on the Linfield college field at McMinnville. At the end of the third quarter the score stood 13-7 in favor of the Mustangs and it looked like the eastern Oregon boys were on their way to the championship when the Dayton lads began to throw passes to the stratospheric Todd. This was in the final six minutes of the game and the score was tied 13 all.

Another pass into the end zone netted the valley team another touchdown and making the conversion good, the scoring ended 20-13 in their favor.

Jim Barratt and Wade Bothwell were the scoring aces for the Mustangs. Bothwell made the first touchdown with a 50-yard run in the second quarter, Bill Buckrum converting. Barratt took a Dayton kick on his own 15-yard line in the third quarter and with good blocking raced up the side lines for the second touchdown.

Heppner was weakened in the fourth quarter by the injury of Drake and Parrish.

**BOARDMAN NEWS**

Fay LaMar had a party on her 10th birthday with a few of the school girls present. Mrs. LaMar returned that same evening from Everett, Wash. where she visited her daughter.

Mr. and Mrs. Floyd Gammell returned to their home in Summit after spending a few days with Mr. Gammell's sister, Mrs. Lee Pearson and family.

H. K. Dean of the experiment station in Hermiston and County evening classes which will be

**SPEED A TANK to the fighting front!**

Telephone calls play a vital part in building tanks, guns, ships, planes. They help to move millions of men to the fighting fronts. War is on the wires. There must be no blocking of these war calls.

We cannot build new lines to carry them because copper, nickel and rubber are shooting, not talking, materials right now.

What we can do is to make the most of what we have. You can help by making Long Distance calls only when they are really necessary. And on these, please be as brief as you can.

The call you save today may speed a plane or a tank to the fighting front.

Your co-operation is deeply appreciated.
