

NFL Association Office to Close

Elart F. Hultgren, acting secretary-treasurer of the Hardman and Grant County National Farm Loan Association since February, announced this week that his resignation effective Dec. 31, has been accepted by the boards of directors of both associations.

In the future, it was announced, Federal Land Bank loans and contracts in Morrow county will be handled by Ralph H. Loveless, who also is secretary-treasurer of the Umatilla and Pendleton National Farm Loan associations. Mr. Loveless tentatively plans to spend each Thursday in Heppner, making his headquarters in the present location on the second floor of the First National Bank building.

The Grant county association, whose members live in both Grant and Harney counties, at the same time elected as its secretary-treasurer Wayne Fisk, who now is secretary-treasurer of the Redmond association. Business of the Grant county association will, after January 1, be handled through Fisk's office in Redmond.

"With better farm conditions, the business of these two associations is in the best shape it has been in years, and requires a minimum of servicing," Hultgren said. At the same time, manpower is short. Transfer of the affairs of the associations to Redmond and Pendleton will assure the maintenance of high standards of service at a considerable saving, both in manpower and money."

Farm Truck Operators Can Get More Gas

Farm truck operators may obtain all the gasoline they will need for essential driving according to word received from the office of defense transportation by the Morrow County USDA war board.

Certificates of war necessity received by some farmers have been cut to the point where such farmers could not operate if they were limited to the mileage and gasoline indicated. These allowances may or may not have resulted from errors on the part of clerks but the ODT has assured the war board that the essential needs of all farmers will be taken care of.

Farm truck owners may appeal through the county farm transportation committee at the county agent's office for adjusted certificates of war necessity. In case where the certificates provide insufficient gasoline for immediate needs the county OPA rationing board can issue an emergency ra-

tion to operate through December and January.

Appeal forms have not been received by the transportation committee but as soon as they are every farmer who registered a truck through the county committee will be notified.

Farmers with certificates that almost present the certificates to the low them all the gasoline they need local rationing board to obtain their gasoline rationing books.

Right to Appeal Granted Rationees

Any person who feels an injustice has been done to him by action of a local rationing board has the right to appeal that decision, Richard Montgomery, state OPA director, said today.

"Don't conclude because your neighbor got a C card while you received only a B card that you are being discriminated against, Montgomery declared. "Your neighbor may have good and sufficient reason for obtaining his higher gasoline allotment. He may be driving many miles to the shipyards every day, taking others with him, or performing other work that would entitle him to more gasoline. Or it might even be that in the rush of registration, a local board clerk may have made a mistake in handling your application which will later be rectified," Mr. Montgomery stated.

Persons who believe they suffer hardship because of local board action may file an appeal with their board for further consideration, Mr. Montgomery said. Appeals not acted upon within five days are referred to the state OPA office for handling, he added.

IRRIGON NEWS

By MRS. J. A. SHOUN

Mrs. Billie Coulter returned from Portland Tuesday.

The road crews are improving Irrigon roads this week.

The Walter Girders were Heppner visitors Monday.

The Irrigon basketball team lost to Echo in the school gymnasium, Wednesday, 37 to 18.

Closing Date on Credit Loans December 31

According to word received from Henry Baker, chairman of the County Triple A committee, Dec. 31 will be the final date for filing an application for a Commodity Credit loan on 1942 grown wheat, barley or rye. Baker stated that in the case of warehouse stored grain, the loan papers would have to be certified and in the hands of the lending agency before Jan. 1, and in the case of farm storage loans, the applications must be made and the sample in the mail before Jan. 1.

HOME FOR VACATION

Peggy Tamblin, student at Oregon State college, arrived home Wednesday morning to spend the Christmas holidays with her parents, Mr. and Mrs. Harry Tamblin.

In Curry county, where bombs from a Jap plane landed, 33 school children collected 160,000 pounds of scrap, averaging almost 2.5 tons each.

New Orleans is said to consume more coffee per capita than any metropolitan area in the U. S. Cooks there use two tablespoons to the cup, and many children begin drinking coffee when they are ten years old or younger.
