

Red Cross Fund Campaign Slated For Early March

Morrow county's quota in the Red Cross fund campaign which is scheduled to open the first of March has been placed at \$2100. This startling bit of information was imparted to Heppner Lions club Monday noon by Miss Carvl Hollingsworth, field representative for the American Red Cross society, who was in town for the purpose of conferring with leaders relative to the forthcoming drive for membership and contributions.

While this figure may appear large to local people, Miss Hollingsworth explained that war demands have caused an enormous expansion of the national budget, in proportion to all other agencies serving in this great national emergency. Of the amount to be raised here, \$400 will remain in the county to meet local emergencies.

Miss Hollingsworth was introduced by Rev. Bennie Howe, Morrow county Red Cross chairman.

Walter Skuzeski supplied the entertainment feature of the meeting with several numbers on his accordion.

Who Must File State Income Tax

For your convenience in filing your return, a state income tax auditor will be at the court house in Heppner, from 8 a. m. to 5 p. m., on Jan. 29, 1943 and from 8:00 a. m. to 12:00 noon, Jan. 30, 1943. No charge will be made for this service.

Under the Oregon state income tax law returns must be filed by the following persons:

Single persons (or married and not living with husband or wife) having net income from all sources of \$800.00 or more, or having surtax net income (intangibles income) of \$500.00 or more during the taxable year.

Married couples having combined net income from all sources of \$1,500.00 or more, or having combined surtax net income of \$800.00 or more during the taxable year.

All individuals or married couples with a gross income of \$4,000.00 or more during the taxable year.

All returns for the calendar year must be filed on or before April 1, 1943. All returns mailed so they bear the postmark of April 1 or before will not be considered delinquent.

The law imposes minimum delinquency charges of 5 percent of the tax, plus \$1.00, and interest at 1/2 of 1 percent per month from date return was due, to date of payment when delinquency is not due to carelessness or neglect. Penalties up to 100 per cent of the tax may be imposed for willful neglect or failure to file returns.

WHAT'S THE USE?

He brushed his teeth twice a day, he had a medical examination twice a year, he never failed to wear his rubbers when it rained, he slept with the windows in his room wide open, he stuck to his diet of fruits and vegetables, with plenty of spinach, he gave up his tonsils, appendix, and gall bladder and traded in several worn-out glands; he golfed and did his daily dozen for exercise and saw to it that he got at least eight hours' sleep out of every 24. He never smoked, drank lost his temper. But he forgot about trains at grade crossings. His funeral was largely attended by sorrowing friends. He is survived by 18 specialists, four health institutes, six gymnasiums and any number of manufacturers of health foods and antiseptics.

The Editor Proved the Value of ADVERTISING

The editor turned out the midnight light over his littered desk and wended his weary way homward. He took a short cut through an alley to his back yard and noticed a prominent business man slipping out of the back door of the residence of a lady whose husband happened to be out of town that week. In the next issue of his paper the editor told of the occurrence without mentioning names, and suggested that inasmuch as the man was not already a subscriber it was hoped that he would send in his subscription to the paper so as to keep posted on local happenings. The next day the editor received 52 new subscriptions from business men of the town.
