

Your Tax Dollar Goes To War!

Freedom IS expensive. The highest price tags are always attached to the most precious items. And the cost in blood and treasure for LIFE—LIBERTY—AND THE PURSUIT OF HAPPINESS is a staggering one. But—did you ever hear anyone question the cost?

We Americans consider it a privilege—not a sacrifice—to defend the land we love . . . and paying taxes on the home front willingly and gladly is one way of making sure "that government by the people shall not perish from the earth."

This is everybody's war. Tax dollars . . . yours and ours

. . . were the very first recruits in this war.

Now all our tax dollars are together—in full swing—turning out guns and masks and jeeps and other necessary tools of war, and purchasing the products of the farmer to feed our fighting men and allies.

Naturally, taxes have increased tremendously—they had to, to finish the job ahead. If you have already paid your taxes you may be proud of the fact that your tax dollars have gone to protect your country. If you have not as yet paid your taxes, a glad experience of doing your share in this truly democratic way, lies ahead.
