Mornnig Prayer and sermon, 11 o'clock.

**HOW TO MAKE YOUR MEAT GO FURTHER**

Meat Cut	First Meal	Second Meal	Third Meal
 Beef Brisket	 Beef Brisket with Beans	 Broiled Toastwiches	 Stuffed Green Peppers
 Blade End of Pork Loin	 Roast Pork with Dressing	 Barbecued Pork Slices	 Pork Shortcake
 Lamb Shoulder	 Cushion Shoulder with Corn Stuffing	 Pasties	 Scotch Pancakes

Nutrition authorities say that Mrs. American Housewife's job of feeding her family is one of the most important in the war effort. For nourishing food is going a long way toward building strength and morale on the home front.

At the same time, women are being called upon to conserve food as a wartime necessity. This means they must use every ingenuity to eliminate waste and get the most out of the food they buy.

How to make their meat go further seems to be a subject of especial interest, since building meals around this food is an American tradition. So home economics experts have come to the rescue with all sorts of ideas and recipes designed to extend the meat purchase as far as possible.

Here are a few of many practical ideas along this line.

**BEEF BRISKET**

**First meal.** Brisket cooked with beans is a delicious dish for the first serving. The beans are soaked over night and brown sugar, onion and seasonings added, then placed in a covered kettle with brisket on top. Brisket and beans should be covered with water and cooked in

a moderate oven for about three hours.

**Second meal.** Broiled toastwiches suggested for the second meal, are prepared by slicing left-over brisket and making into sandwiches. The sandwiches are dipped in beaten egg and milk and broiled until brown.

**Third meal.** The left-over meat from the brisket may be ground and combined with boiled rice and seasonings to make a stuffing for green peppers. These are baked in a hot oven until done—about 45 minutes.

**BLADE END OF PORK LOIN**

**First meal.** Blade end of the pork loin is excellent for a roast. The end cut is lower in price than the center cut. Roasting is easy when a few simple rules are followed. The roast should not be covered and no water added. A low temperature saves both meat and fuel. A bread dressing, shaped in balls and placed around the roast half an hour before it is done, will extend the servings. This roast requires 30 minutes per pound.

**Second meal.** The cold slices of roast pork are delicious heated in barbecue sauce.

**Third meal.** The trimmings from the roast make a surprise supper dish when combined with cream sauce and served between layers and over the top of biscuits as Pork Short Cake.

**LAMB SHOULDER**

**First meal.** A stuffed lamb shoulder is a thrifty roast. The bones may be used to season vegetables or to make soup stock. A tasty stuffing is made for it by combining whole kernel corn, cracker crumbs, seasonings and minced green pepper. The roast is placed on a rack in an open pan and about 40 minutes per pound allowed in a slow oven.

**Second meal.** For the next night's main dish, combine cubes of cold roast with left-over vegetables and enough gravy to hold together. Place mounds of the mixture on squares of pastry and fold over to make a triangle. Pinch the edges together. Brown in a hot oven. These are called Pasties.

**Third meal.** The remaining lamb "bits" may be ground and mixed with cooked oatmeal, an egg and seasonings to make Scotch Pancakes for supper or for breakfast.
