

IONE NEWS NOTES

John Emil Swanson Passes at Ione Home

By MRS. OMAR RIETMANN
Funeral services were held for John Emil Swanson Sunday March 14, in the Christian church in Ione at 3 p. m. with Rev. O. Olander officiating. Mr. Swanson was born at San Jose, Calif., July 30 1878, the son of Nils and Johanna Swanson and passed away at his home in Ione, March 11, 1943. He spent his early life in California, coming to Morrow county when he was a young man. He spent the remainder of his life as a resident of Morrow county where he engaged in farming, warehouse and grain enterprises.

He was married May 1, 1904 to Mary Louise Lundell. He is survived by his wife, two daughters and two sons, Eleanor McMillan of Salem, Norman E. of Portland Garland and Eva Swanson of Ione, and four grandchildren; three sisters and one brother, Mrs. C. W. Nickel and Mrs. Fred Gustafson of Sumner, Wash.; Mrs. Carl elson of Firth, Ida., and C. W. Swanson of Ione.

He was a member of the Lutheran church and of the I. O. O. F. Out of town relatives and friends here to attend the services were Mr. and Mrs. Elmo McMillan, Mr. and Mrs. Norman Swanson of Portland, Mrs. Warren Crutcher, Norton Lundell of Los Angeles, Pvt Richard Lundell of Boise, Mrs. Frank Lundell of Milwaukee, Mrs. C. W. Nickel of Sumner, Wash., and Mrs. S. Miller of Salem.

Cpl Tech. Herman Bletelm of Portland has been visiting friends in Heppner and Ione the last two weeks and is now the guest of Mr. and Mrs. Chas. Carlson of Ione. Cpl. Bletelm is on a furlough after serving with the forces in Hawaii.

Pvt. Richard Lundell now stationed in Boise and Norton Lundell of Los Angeles are visiting their parents, Mr. and Mrs. E. R. Lundell.

The Ione school band gave a concert Saturday. It was well attended and the program showed that much progress has been made this year. The glee club assisted with two numbers.

Mrs. Ada Cannon has purchased the Lundell house on Second street where Mr. and Mrs. Gene Inskeep have been living. The Inskeeps have moved to the Ted Blake house on First street so Mrs. Cannon can take possession at once.

The study meeting of the Topic club was held at the home of Mrs. Chas. Carlson Friday with Mesdames Carlson, Clyde Denney and Omar Rietmann hostesses. The book reviewed was "The Days of Ophelia". Some very interesting recipes of Mexican dishes were given for roll call. The social meeting of the month will be held at the home of Mrs. Clyde Denney on Saturday March 27 at 2:30.

The Willows grange H. E. club will meet at the home of Mrs. Louis Ball Friday, March 19. It will be an all-day meeting with pot-luck dinner at noon.

Kathryn and Marjory, the small daughters of Mr. and Mrs. Clarence Shroeder of Goldendale are being cared for at the home of Mr. and Mrs. Leo Gorgor during the illness of their mother. Mrs. Shroeder and Mrs. Gorgor are sisters.

Mrs. Frank Lundell and son Merle of Milwaukee are visiting at the home of Mrs. Lundell's parents, Mr. and Mrs. C. W. Swanson.

Spring farming operations have begun and by the end of another week will be in full swing. On a number of farms, work will be delayed because of the difficulty in getting tractors overhauled, a direct effect of war conditions and which will be accentuated as the war progresses.

Charlie Shaver of Boise, accompanied by Mr. and Mrs. Richard Lundell arrived in Ione Saturday evening. After a few days visit at the Henry Clark home. Mr. Shaver will continue to Bend where he and his brother Elmer are engaged in well-drilling.

Mrs. Ada Cannon and Mrs. Millie Hughes of Heppner left for a visit in Portland last Tuesday.

Mrs. Dan O'Hara of Kinzua was a week-end visitor at the home of her father Robert Smith.

A Victory Garden in New Orleans parking lot, only 5 by 12 feet in area, has produced 30 pounds of tomatoes, 100 ears of corn, 150 radishes, 75 heads of cabbage and 35 heads of lettuce.

BOARDMAN NEWS

Seed Money

There's only one thing more foolish than killing the goose that lays the golden eggs. That's living up the money that has been put away to buy the seed for next year's crops.

Although G-E turbines and lamps and refrigerators don't grow from any seed you can buy at a seed store, yet any manufacturer—no matter what he makes—has a seed problem just the same. For next year's models, and improved designs, and new products—all these cost money. Money for research, and engineering, and new tools, and advertising to tell the public where a product can be obtained, and how much it will cost.

And the only place this money can come from is out of past earnings, or borrowing on the promise of earnings in the future. In other words—from seed money.

From the seed of research and engineering, planted in years past by General Electric, have come some pretty amazing crops. Incandescent lamps five times as efficient as Edison's, vacuum tubes that made radiobroadcasting possible, refrigerators for the home and electric machines for industry to make important jobs easier.

Right now the crops we're growing are all of the "Victory Garden" kind—weapons that are serving with our armed forces on land and sea and in the air.

But we mustn't neglect the seed money for the future. We're looking forward to the continuance of the industrial system that will allow us to open up and cultivate other new and promising fields. So, tomorrow, look for important developments in television, fluorescent lighting, plastics, electronics. These will be familiar words in the post-war world. GENERAL ELECTRIC COMPANY, SCHENECTADY, N. Y.
