TRANSFERRED TO CALIFORNIA ENTERING NAVY

Dr. and Mrs. A. D. McMurdo have received word from their son Ted that he has been transferred from Florida to the Los Angeles area. Stationed first in Maryland where climatic and living conditions were not favorable, Ted found Florida much to his liking, especially when the army took over the property of a millionaire's club to house his contingent. A membership in the club cost \$10,000 and annual dues were \$5,000. Ted states just to show that the best is none too good for Uncle Sam's nephews.

Kay Ferguson, son of Mr. and Mrs. R. B. Ferguson, will leave Monday for Spokane to be inducted into the navy. Kay took a course at the NYA school in Pendleton early this month and come to the navy. Kay completed a home for a visit before joining Uncle Sam's rapidly growing fighting forces.

JUST A CASE OF MISTAKEN IDENTITY

Last week this great moral up-lifter announced that Merle Burkenbine visited his parents here and that he was located at Farragut, Ida. Merle was located at Farragut before receiving a transfer to Norman, Okla. so that part of the news item was correct. Reese Burkenbine visited his parents and he is located in the Seattle area, a member of the coast guard. Aside from these minor discrepancies the news item was OK—or was it.

From where I sit . . .

by Joe Marsh

Sam Abernethy always said: "Curiosity may kill a cat—but I'm no cat." Which is Sam's way of saying that when he's curious about something he goes out and gets the facts.

Seems our government feels the same way. After hearing rumors about our soldiers drinking too much government people went after the facts. They got the evidence on what our boys drink . . . and don't drink.

The government found out our Army's the best behaved in

history. More'n half of 'em drink beer—nothing stronger. And the government found that selling 3.2 beer in Army camps is one reason why our Army is so temperate.

From where I sit, there isn't much cause to worry about our men in the Army. Looks like they can take care o' themselves—and take care o' the Nazis and the Japs, too.

"SHE IS A GOOD NEIGHBOR ON THE PARTY-LINE TELEPHONE"

"She uses the telephone only if she needs to and she is thoughtful of the rest of us!"

In these days when telephone lines are carrying thousands of war calls, and the materials for new lines are not to be had, teamwork by telephone users on party lines counts a lot.

Reasonable use, prompt answering, thoughtfulness of others, are helpful to all.

Telephone neighbors appreciate such teamwork.
