What You Buy With WAR BONDS

Many of the women of the Women's Auxiliary Army Corps are already overseas serving in various capacities to help win the war. The WAACS go through a strenuous training to fit them for the arduous duties they must perform.

A uniform for a WAAC, complete, costs approximately \$170.00. The quartermaster's department must provide thousands of them. Your purchase of War Bonds helps pay for these uniforms. Invest at least ten percent of your income in War Bonds every payday through a Payroll Savings plan at your office or factory.
