**PIANO RECITAL CREDIT TO TEACHER AND PUPILS**

Comment on the annual piano recital by pupils of Mrs. J. O. Turner failed to materialize in this newspaper last week, for which we would be truly sorry but for the fact that such a creditable exhibition comes not under the heading of news and therefore is worthy of mention at this late date.

Each of the 16 performers, from the tiny tots to the girls of high school age played well, attesting to the careful instruction given them by Mrs. Turner. All numbers were of the serious type, classics of the older and newer generation of composers.

The 26 numbers make individual comment prohibitive, but it is only fair to state that some of the more advanced pupils displayed excellent musicianship, while some of the intermediate group give promise of attaining equal skill in a few more seasons.

Between 30 and 40 parents and friends attended the recital in the Turner home Saturday evening, May 1.

Mrs. O. G. Crawford supplied the vocal diversion, singing "Happy Song", Del Riego and "Sylvia", Oley Speaks.

**NEW PASTOR AT IONE**

**WE ARE HERE**  
TO *Stay!*

THE WAGES and taxes paid by this company can be counted on to share the costs of our schools and other civic facilities for a long time to come.

We expect to use our lands over and over again for successive tree crops—WE ARE IN THIS COMMUNITY TO STAY.

People who work for us and with us can look forward to continuous employment. Like most other forest industries today, we are in the settled business of processing a crop which, with good management, can be a year-in-and-year-out undertaking.

We take a forest harvest, but leave the woods productive.
