

Academy Vacancy at Annapolis Announced

Congressman Lowell Stockman will have a vacancy at the U. S. Naval Academy, Annapolis, Maryland, for the class beginning July 1, 1944. Candidates must be not less than 17 years of age nor more than 21 years of age on April first of the calendar year, (1944) in which they enter the naval academy. Applicants should be high school seniors, or graduates of high school, or college students. The civil service commission expects to hold a competitive examination early in the fall to aid in the selection of nominees for the academy. Applicants must be legal residents of the second congressional district of Oregon and in perfect physical condition.

The next regular vacancy for the second district at the U. S. Military Academy, West Point, New York, is due to occur in 1946.

All boys who are interested and qualified should write to Congressman Lowell Stockman, 407 House Office Building, Washington, D. C., immediately so that they may receive additional information and be admitted for examination.

CHANGE OF RANK

If you contemplate writing to Rufus E. Hill, make it F O Rufus E. Hill as that is his new moniker. He has written members of his family here that he is no longer S/Sgt and would like to be recognized by his new title.

Machinist First Class Harold Armstrong will leave this evening to entrain for Tampa, Fla. after spending the week visiting friends and relatives His mother, Mrs Ray Daniels, who has been in Florida the past two months, is with him. Both she and Mr Daniels are accompanying him and will remain until he leaves for active duty. Harold has been busy working around the house, finishing a painting job today.

SGT McNAMEE

It is now Sgt John J. McNamee according to information received this week by his mother, Mrs. Anna McNamee. John has seen service in the Indian campaign and it is thought he is in Africa at present.

LIKES ARMY LIFE

"Army life suits me fine and I may decide to become a professional soldier," stated Capt. Ed Burchell who arrived in Heppner Monday evening to spend about a week with Mrs. Burchell and the boys. Although he has been across and near the front, Capt. Burchell is still engaged in training work on this side, being located at Camp Edwards, Mass. There are four units in his command, all located on Cape Cod, and Capt Burchell knows his cod like Bostonians know their beans. The amphibian command is both a land and a water unit and to be a member one has to be proficient in both land and water tactics.

Ed says he has been enjoying eating beef since coming home. In the New England states meatless days are indulged in by both service and civilian populations. He looks for further curtailment in the western areas to permit a better distribution. He has had plenty of mutton and is not interested in sheep—but the white faces look good to him.

HOME ON VISIT

Orin Bisbee was among Heppner men in service who was able to get home for the Fourth. He enjoyed a brief visit with his parents, Mr. and Mrs. L E Bisbee the first of the week. Orin has received training on both coasts and more recently has been located in California.

FEW BACK PACK PUMPS FOR SALE TO FARMERS

Back pack pmps, those handy little one-man fire departments, are available to farmers, states County Agent C. D. Conrad. There are 14 of the pumps on hand and these may be purchased by farmers if they wish them.

Because of the unusually heavy growth of cheat and other noxious grasses, Conrad urges the use of these little fire fighters on every farm. They will do more good out where the fires are apt to start than they will in the agent's office, he pointed out.

Penney Launches \$10,000,000 Bond, Stamp Sales Campaign

July 1 marked the opening of a nation-wide War Bond and Stamp sales drive in the 1610 J. C. Penney department stores throughout the country. As a send-off to the campaign, Secretary of the Treasury Henry J. Morgenthau, Jr., prepared a message of congratulation and good wishes addressed to every Penney employee.

This is the second time the Penney company has been recognized in this way. At the conclusion of Penney's \$8,422,553.85 July Bond drive last year Secretary Morgenthau accorded the company personal congratulations.

Penney employees, determined that the treasury department will again find their July sales of War Bonds and Stamps worthy of attention, started off this July with sales of at least \$10,000,000.00 as their goal.

"I am advised," Mr. Secretary Morgenthau said, "that the J. C. Penney company and all of the employees of the company have volunteered their services to promote the sales of War Bonds and Stamps all through the month of July in every Penney store. Thrift and savings are today important to everyone of us, as well as to the nation. Every time you sell a bond or a stamp you are helping America in its war effort. Looking at the splendid record you have all made,

I am sure that your activity in July will not only be highly successful, but will generate enthusiasm throughout all communities where you do business. Good luck, and my thanks to each and every one of you!"

Penney company's bond drive this July, like that last year, takes the form of a sales contest in which all employees and all stores of the chain compete for state and national awards.

In every Penney store, War Bonds are promoted as "July's Best Buy!" This week, Penney store windows from coast to coast stress the lighting ships that War Bonds buy.

Plans for the Bond drive at the local Penney store include an intensive campaign on the part of each associate backed up by window and interior displays. We want to sell as many bonds this July as there are boys from Morrow county in the service, it was announced by Manager B. J. Elliott.

Farmers Can Get More Ammunition

An additional supply of ammunition has been made available to farmers, according to County Agent C. D. Conrad, who states that those needing additional supplies should contact the local USDA war board at an early date.

Farmers needing more ammunition than that allotted under WPB Order L-286 should apply for additional supplies on form PD-860. It is advisable to first get a recommendation from the county war board.

In case of emergency, Conrad suggested that action might be hastened through telegraphic communication with the state office at Portland. He has information that Marshall-Wells company in Portland is prepared to deliver extra quotas of ammunition.

Visitors in Heppner the first of the week were Mr. and Mrs. La Verne Van Marter of Portland.
