CONDITION SLIGHTLY BETTER

The condition of Mrs. Corn Crawford, hospitalized at The Dalles for several weeks, was reported slightly improved when visited by members of her family Monday. That was the report back to Heppner by Mrs. J. O. Turner and Mrs. R. B. Ferguson who spent the day with her.

Contrary to the old saying, lightning usually strikes more than once in the same place. Engineers of the Westinghouse Electric & Manufacturing company took a photograph in North Carolina of a thunderbolt that consisted of 31 consecutive separate strokes, all occurring within six-tenths of a second.

Dr. J. P. Stewart, eye-sight specialist of Pendleton will be at the Heppner hotel Wednesday, July 21.

DELIVERS G-T VIA AIRMAIL

Bert Mason, lone merchant, has written us that he has a system for getting the Gazette Times overseas much faster than the regular service for second class mail. He writes:

"I have a system whereby I can deliver the Gazette overseas quite fast. I take the outer 1/2 of the paper with a few clippings and enclose same with my letter and it comes within the weight whereby it goes as air mail for 6c postage. Extra clippings require that the edges of the main part be trimmed off to reduce weight. I receive letters 12 to 15 days so should expect similar delivery overseas."

RETURNS HOME

Mrs. Kenneth Vosburg and baby son returned Monday from Hood River after spending two weeks there with relatives.

They're going to shear me twice a year, now, since Uncle Sam needs so much of my wool for blankets and uniforms and to help make tanks and planes and munitions. It takes 26 of us to clothe a soldier for 12 months, and all the wool from 6 of us to make just 4 army blankets. It's mighty important for our wool to be heavy and long.
