**What You Buy With WAR BONDS**

School Days

When our fighters fly at 400 miles an hour with a Jap Zero or a Messerschmidt on their tails there isn't much time for cogitation so the Army and the Navy show as many motion pictures of actual dog fights and air battles as possible to our student fliers.

Pictures of trainer flights, bombing flights and flights by fighters are all a part of the routine for our student pilots and must be drilled into them just as it is necessary for us to remind ourselves daily of the necessity to buy an extra \$100 Bond in September.
