**P. P. & L. Invests \$5,000 Locally**

Morrow county will receive credit for \$5,000 on its Third War Loan quota for bonds purchased by Pacific Power & Light Company, it was announced today by K. A. House, district manager.

"The company is putting a total \$500,000 into war bonds in the present campaign," Mr. House said. "These are funds which normally would be used for additions and improvements. Now, of course, wartime shortages of materials limit construction to bare essentials, so we are putting the money into the safest investment in the world, U. S. war bonds. After the war, this nest-egg will help provide for the post-war expansion of our power facilities to serve a growing nation."

Each county in which the company operates is being credited with its share of the total purchase.

**FROM STATE OFFICE**

**RESOLUTION OF RESPECT**

In memory of Brother Walter E. Bristow, who died Aug. 29, 1943.

Once again death hath summoned a Brother Odd Fellow, and the golden gateway to the Eternal City has opened to welcome him to his home. He has completed his work in the ministering to the wants of darkened souls and in bringing joy to the afflicted, in shedding light into the places of misery, and as his reward has received the plaudit "well done" from the Supreme Master.

And Whereas, the all-wise and merciful Master of the Universe has called our beloved and respected Brother home, and he having been a true and faithful member of our beloved Order, therefore be it

Resolved, That Ione Lodge No. 135, I. O. O. F. of Ione, in testimony of its loss, drape its charter in mourning for thirty days and that we tender to the family of our deceased brother our sincere condolence in their deep affliction and that a copy of these resolutions be sent the family.

**PAY ENVELOPE**

TREES FURNISH employment for almost every member of this community. Some work in the forests . . . others in the mills, processing the timber crop . . . other citizens rely for their livelihood on the trade furnished by the people employed by the forest products industries.

Burning trees hurt all of us. A blaze which consumes growing timber may destroy the pay envelope of every member of the community. Burned trees create no trade or employment.

Help keep fire out of the woods. If we work together we can lick Forest Enemy Number 1.
