How Much is Your Thanks Worth?

THANKS...to the Chinese, who never had much, but who at least had the guts to stand up to the Japs for seven long years.

Thanks...to the Norwegians, who lost their country but never surrendered themselves.

Thanks...to the Russians, who gave their lives and homes and burned their factories and fields to turn Hitler's dream of conquest into a nightmare of defeat.

Thanks to the British, who might have given up but didn't...to the Yugoslavs, who still fight in the hills...thanks to all the freedom-loving people in the world who gave us time to gather our strength.

Make your thanks to all of these really mean something...by giving generously to the National War Fund through our own community war fund.

Seventeen war relief agencies have banded together in this great work to make the thanks of America mean something both abroad and at home and wherever our men fight on land or sea.

For we owe thanks, too, to the young men of America who gave up careers and good jobs to do the job that has to be done...and to those who cheerfully saw their lives turned upside down so that their men could fight and build ships and turn out tanks and planes and guns, all day and all night.

Because the National War Fund is combined with our local united campaign, you are being asked to give only *once*, this year, for *all* the agencies represented by it. So add up all you would have given to each, and then *double the total!* There's no better way to show your gratitude.
