### Gasoline Coupons Must Be Endorsed In Ink, OPA States

Unendorsed gasoline coupons can not be accepted by service station operators, under OPA regulations. All coupon books carry full endorsement instructions, and the regulations require the immediate endorsement of coupons issued for highway use as soon as received from the ration board.

Unendorsed gasoline coupons issued for highway use, A, B, C and T stamps, may be confiscated by OPA enforcement officers, whether in the hands of the person to whom issued or a gasoline company.

Ink must be used for the endorsement. Pencil endorsement is worthless.

All A, B, and C coupons must bear in ink on their face the license number and state of registration of the vehicle to which they are issued.

"T" coupons must be similarly endorsed except for those issued to fleets of trucks. In this case the fleet number and the town or city in which the principal occupation of the fleet is carried on must be written or stamped in ink on each coupon.

Users of non-highway stamps, E, R, and one-gallon bulk, should carefully note endorsement regulations. Notations on E and R coupons are not required where such coupons are given for deliveries on the premises of the consumer. However, if deliveries are made at a service station, the coupons must be properly endorsed for all deliveries.

Any person who tenders unendorsed coupons in exchange for gasoline contrary to these regulations is not only himself a violator, but is asking the gasoline distributor to disobey the law.

Likewise any gasoline distributor who accepts unendorsed coupons when regulations call for endorsement is in violation of the law.

### 16-17 Year Boys to Be Guests at Navy Training Station

Plans for selected groups of high school students from Heppner and other communities throughout the inland empire to visit the naval training station at Farragut, Ida each Saturday have been completed by station officials and officers of the Inland Empire Navy recruiting district.

Lt. George O. Hackett, in charge of Navy recruiting in the area, said that approximately 100 male students in the 16 and 17 year old brackets will be guests of the station each week. They will be taken on a tour of the station, have lunch in one of the giant mess halls and witness the Saturday company review.

Each high school throughout eastern Washington and Oregon and the Idaho Panhandle will be invited to send a selected group with a limited number of teachers and parents. Transportation is to be provided by the school or some other local source.

Lt. Hackett said the plan is aimed at familiarizing youths, as well as adults, with the station's training facilities and the navy's varied opportunities for young men to make a career of the naval service or to learn a valuable civilian life trade while serving his country.

Details of the program are being sent to all high schools in the Inland Empire.

### Telephone Earnings Show Slight Increase

N. R. Powley, president of the Pacific Telephone and Telegraph company, in commenting on the company's affairs in connection with the release of dividend checks for the third quarter, today stated: "The third quarter preliminary earnings statement indicates earnings of \$1.78 per common share.

only a slight improvement over the \$1.69 per common share earned in the second quarter and compares with the \$1.56 per common share earned in the third quarter of last year. "The earnings statement reflect federal taxes only at the 1942 rates and likewise does not reflect any portion of wage increases approximating \$6,000,000 annually which are now under negotiation with the unions, and which if accepted will require the approval of the War Labor board.

"Due to the imperative telephone requirements of the essential war needs and the unavailability of materials for new construction and for the manufacture of new apparatus, the civilian telephone demands cannot, of necessity, be met in full. The shortage of telephone facilities is becoming more and more acute. Long distance lines, particularly be-

tween war activity centers, continue to be increasingly overcrowded due to the unprecedented volume of long distance traffic—the heaviest in the history of the company."

### RETURNS FROM PORTLAND

Mrs. C. J. Espy Jr. returned to Heppner the first of the week from Portland where she visited for two weeks. She drove Dr. A. D. Mc Murdo's Chrysler home from Portland where it had been taken the week before by M. E. Smead to have some special repairs made.

### TAKING VACATION

Mr. and Mrs. J. O. Rasmus are enjoying a vacation this week. They first went hunting and now are visiting in Portland. They will return to their respective duties Monday morning.

## PUT KITCHEN FATS TO WORK

With fats and oils rationed, America's housewives have a valuable source of cooking fats in meat drippings, fat trimmings from uncooked meat, cured pork rinds, and fat skimmings from soups and stews. They can be saved and used for baking, frying, and seasoning.

### HOW TO RENDER FAT

1. Trim excess fat from all uncooked meat and keep in refrigerator until ready to render.
2. Chop fine or grind.
3. Render in double boiler.
4. Strain through cloth.
5. Cool to room temperature.
6. Cover tightly and store in refrigerator. (May be mixed with other rendered fat or drippings which have been strained.)
7. Use for baking, frying, and seasoning.

Use of these fats is vital to the government's fat conservation program. If all cannot be used in the kitchen, the surplus and waste fat should be sold to a retail meat dealer as fats are a valuable source of glycerin used to manufacture ammunition. One pound furnishes enough glycerin to fire four 37-millimeter anti-aircraft shells.

Kitchen fat can be valuable in the war effort. Save it! Use it!

### TYPICAL RECIPES USING SALVAGED KITCHEN FATS

<p><b>PIE CRUST</b></p> <p>2 cups flour 1/2 cup drippings or rendered fat 1 cup sugar 1 egg 1/2 cup milk</p> <p>Sift flour, measure, add salt and sift again. Cut in cold fat until particles are about size of peas. Add cold water, little at a time, mixing quickly and evenly through flour with a fork until dough just holds in a ball. Use as little water as possible. Chill before rolling. This makes enough pastry for a two-crust 9-inch pie. Roll the dough to about one-eighth inch in thickness.</p>	<p><b>BAKING POWDER BISCUITS</b></p> <p>3 cups flour 4 1/2 teaspoons baking powder 1 teaspoon salt</p> <p>3 to 6 tablespoons rendered fat or drippings 1 cup milk</p> <p>Mix and sift dry ingredients. Cut in cold fat. Add the milk all at one time. Stir with a fork until the dough clings in a ball. Turn on a lightly floured surface and knead gently for one-half minute. Pat or roll one-half inch thick and cut with a small biscuit cutter, dipped in flour. Place on baking sheet and bake in a hot oven (450° F.) for 12 to 15 minutes.</p>
<p><b>JIFFY CAKE</b></p> <p>4 tablespoons rendered fat or drippings 1 cup sugar 1 egg 1/2 cup milk</p> <p>1/4 teaspoon salt 1 1/2 cups sifted flour 1 1/2 teaspoons baking powder 1 teaspoon flavoring</p> <p>Put all ingredients in a bowl and beat well with a rotary beater. Batter should be light and smooth. Pour into deep layer pan and cover evenly with the following mixture: 1/2 cup grated sweet chocolate or coconut and 1/2 cup finely chopped nuts. Bake in a slow oven (350° F.) for 35 to 40 minutes.</p>	<p><b>CRACKLING CORN BREAD</b></p> <p>2 cups corn meal 1/2 cup sifted flour 3 teaspoons baking powder</p> <p>2 teaspoons salt 1 egg, beaten 2 cups milk 1 cup cracklings</p> <p>Chop cracklings (the crisp brown pieces left after fat is rendered) or put through food grinder. Sift together dry ingredients, add milk to which beaten egg has been added, and mix well. Stir in cracklings. Pour mixture into greased pan and bake in hot oven (425° F.) 30 to 40 minutes, or until well browned.</p>
<p><b>GINGER COOKIES</b></p> <p>5 cups flour 1 tablespoon soda 1 tablespoon ginger 1 cup rendered fat or drippings</p> <p>2 cups brown sugar 2 eggs 1 teaspoon vinegar 1/2 cup dark molasses</p> <p>Sift flour once, measure and sift again with soda, salt and ginger. Cream fat, add sugar and continue creaming. Add beaten eggs, vinegar and molasses. Add dry ingredients and mix. Roll in balls the size of a walnut. Place on a cookie sheet and bake in a moderately hot oven (400° F.) for twelve to fifteen minutes. Yield: 5 dozen.</p>
