**Theres a crowd
on the lines**

It's always a big crowd in these war days. But the Long Distance operator keeps the calls moving quickly unless they just get too many for the circuits. ● If she says the circuits are busy, you can help by canceling your call if it isn't really important. But if you can't cancel, the operator will request—"Please limit your call to 5 minutes." It's the work of war we are trying to speed over the wires.
