# FARMERS!

Both canvas and leather have been limited very closely for civilian consumption . . . labor is hard to get. To be assured of completion on repairs of drapers and grain aprons for this coming harvest we have been informed this work must be done very soon

A center strap in your draper will increase the life of the draper several years, or small repairs now could avoid a delay. May we have your draper or grain apron at once so we might assure you of completion or obtaining a new one if needed for the coming year.
