Our boys must keep on fighting—we must keep on buying WAR BONDS until victory is won. Keep on BACKING THE ATTACK.

Help Speed the Day of Victory Produce More Food!

THE more Victories there are the more food is needed by our Armed forces. Not only for themselves but for the people of liberated countries. These people must be fed so they can have the strength both in morale and physical condition to back our armies in the fight for freedom.

It's up to American farmers to produce for Victory. If your machinery has taken the brunt of years of hard work, let us overhaul it so that you may get maximum performance from your equipment now when you need it most.
