It will be a boost to her's and the family's morale to eat out occasionally—to enjoy one of our STEAK DINNERS, or an oyster supper, or any one of the wide variety of excellent meals to be found on our bill of fare. Come any time . . . we're always prepared.

*The Golden Spike united the East with the West*

## Premontory Point . . .

in Utah, was the scene of a history-making event on May 10, 1869—the realization of a great American's dream. It was Abraham Lincoln who visualized the vital need for uniting, by rail, the East with the Pacific Coast, and who authorized the building of a transcontinental railroad.

The Union Pacific struggled through lean and troubled years but, like other pioneers, it had faith in America's future. Edward H. Harriman had unbounded faith in America. His guiding genius—and the faith of the leaders "from the ranks" who followed him, gave strength and vigor to the railroad.

America always has offered unlimited opportunity and ample reward as an incentive for hard work and individual enterprise. That's why it's such a great country. It's our job to keep it that way.

This year marks the 75th Anniversary—the Diamond Jubilee—of the driving of the Golden Spike, the completion of "The Strategic Middle Route." Union Pacific commemorates that historic occasion by continuing to exert every effort in the transportation of materials and troops so that victory and peace may soon be ours.
