A friendly church extends a cordial welcome.

MISS JOHNSTON BRIDE OF GEORGE DAVIDSON

St. Patrick's Catholic church was the scene of a 9 o'clock a. m. wedding ceremony Saturday, May 6, when Rev. Father Francis McCormack read the ceremony uniting Miss Anna Marie Johnston and George Davidson. The bride is the daughter of Mr. and Mrs. Allan Johnston and the groom is the son of Mrs. Mabel Davidson.

Miss Jean Turner played the wedding march and the church choir sang several numbers with Mrs. R. C. Lawrence at the organ.

A wedding breakfast was served at the Lucas Place to members of the bridal party and friends. Mrs. Dick Sperry, sister of the bride, of Portland and her daughter Nancy were here for the event.

Both of the contracting parties are graduates of Heppner high school. The groom has been working in Portland for several weeks but has returned to the county to take up farm work near Ione.

SPECIAL HEALTH WEEK ANNOUNCED BY DR. ROCKWELL

In keeping with the policy of providing people of this area with the most up-to-date scientific equipment for the advancement of better health, Dr. W. H. Rockwell, with offices on Main and Baltimore streets has installed the most modern equipment for the diagnosis and treatment of gastro-intestinal disorders. The application of this drugless method of intestinal therapy is soothing, comforting and permits searchers after health to receive adequate treatment without loss of time from work.

Using oxygen as a positive agent against toxic poisoning, this Tox-Elimination method will now be made available to the people of this area. This instrument has been used in other sections of the United States for several years prior to its introduction in the Pacific Northwest. The entire process is drugless and non-surgical.

Dr. Rockwell is most happy to announce a special health week on the following dates: May 15, 16, 17, 18 and 19. The services of a doctor specializing in gastro-intestinal therapy has been engaged for this period. This doctor is a member of the clinical staff of the Tox-Eliminator laboratories of Los Angeles, Calif., and will assist in all procedures and recommend suitable treatment to those who make arrangements for this free examination during the above mentioned dates. Dr. Rockwell is also extending his services into the field of x-ray.

All persons wishing to take advantage of this opportunity for a free examination and consultation without charge or obligation should get in touch with Dr. Rockwell immediately as the time is limited and rapidly being filled in advance. For the convenience of those who are employed, Dr. Rockwell's office will make appointments every evening during this special health week. Those wishing to take advantage of these services may make an appointment by telephone.

HAD NICE TRIP

Mrs. A. D. McMurdo and niece, Marjorie Sims, returned Sunday evening from Portland where they spent two days as the guests of the Aaron Frank Educational foundation. Miss Sims was present for the finals in the contest for the \$1,000 scholarship award posted by Mr. Frank. While not successful, she reports a fine trip and a fine time while in Portland. Miss Annabelle Wilkerson of Roosevelt high, Portland, was the winner; Arthur Ohling of Albany high, alternate and Jean McIntosh of Corvallis high, second alternate.

GUEST OF HEALYS

Mrs. Francis Healy is a guest at the home of her husband's parents, Mr. and Mrs. Pat Healy. She expects to rent an apartment and make her home here for the duration as Francis is scheduled for overseas duty soon.

FRANK TALK to City People... about the Farm Situation

by
Wayne Morse

It is time someone spoke frankly about the organized attempt that is being made to lead City People against Patriotic Farmers...

I've seen this program go on in Washington, D. C., and I'm seeing it go on in our own State of Oregon. It is time that the truth be told.

The New Deal is promoting the idea that the farmer is to be considered as a workman, entitled only to wages... not as the business man that he is. It takes a sizeable investment, depending on the type of farm, to provide a unit that will give a man full-time employment. Such an investment certainly justifies the farmer being considered as a business man.

OPA Incites Feeling Against Farmers

I deplore the efforts on the part of the Administration offices, in particular the OPA, to create a class feeling between the city dweller and the farmer. Reports are continuously being circulated that the farmer is now receiving two and three times the amount for his crops as compared to pre-war. This is bound to build an antagonistic feeling against the farmer, because it insinuates that he is profiteering from the war. The same agencies which have the facilities to estimate incomes also have the facilities and know about the increase in the costs of production of farm products. But not one word of this is mentioned, because it would make an entirely different story.

Says Farmers Can't Quit

There are many small business men whose sales have nearly doubled, and yet are operating at a loss, because their costs have risen so high. But in the case of a farmer, all you hear about is the increase in sales—nothing about the increase in costs. Many a farmer has been caught between the price ceiling on farm products and the unregulated increase in farm costs. One Administration official has been heard to state: "We cannot be concerned about whether or not farmers stay in business. We feel sure that enough of them have so much invested in buildings and equipment that they cannot afford to quit even if they operate at a loss during this period. It would be cheaper for them to keep operating than quit. Our only concern can be that enough is produced."

Farm Costs Increase 3 Times— Income One-Half

I'll give you an example. The gross income of the Grade A dairyman has increased about 40% including the

WAYNE MORSE

Distinguished Republican leader of Oregon who was urged by many prominent farmers to become a candidate for United States Senator.

federal subsidies he receives. Grain, hay, straw, and labor, his biggest items of cost, have doubled and in some cases tripled. Since it takes 10 to 15 years to build a good dairy herd, the dairyman can't just quit and wait until things get better. He doesn't want to quit; it's his patriotic duty to stay on the job even if it bankrupts him, which has happened in many cases.

City Dwellers Will Pay Fair Price

You city dwellers want to pay a fair price for what you buy. You do not want to be overcharged, and again, you do not want anyone to be forced to sell to you at below cost of production. But when city dwellers are constantly fed the information that producers are receiving two and three times as much for what they buy as previously, how can they help but feel that the farmer is unpatriotic and profiteering at a time when the farmer actually is doing one of the biggest and best, yet so far unrecognized jobs of any group.

City People and Farmers Must Cooperate

When this war is over we will need the close cooperation of the city people and the farmers. They must understand each other's problems and work together because the prosperity of both groups is dependent on the success of the other.

Paid adv., Morse for Senator Committee
 Ralph D. Moore, Corbett Bldg., Portland, Ore.

If You Suffer

FROM ANY OF THE FOLLOWING, YOU WILL WANT THIS FREE EXAMINATION AT ONCE:

- Appendicitis (chronic)
- Arthritis
- Asthma
- Colitis
- Constipation
- Excessive Fatigue
- Foul Breath
- Headaches
- Gall Bladder Complications
- High or Low Blood Pressure
- Indigestion
- Irregular Heart
- Kidney and Bladder Complications
- Liver Complications
- Lumbago
- Menopause Disturbance
- Muddy and Pimpley Complexion
- Nervousness
- Pruritus Ani
- Rheumatism
- Sinus Trouble
- Run Down Condition
- Shortness of Breath
- Sleeplessness
- Ulcers of Colon
- Ulcerative Colitis

OUR METHODS, IF EMPLOYED IN TIME, MAY FORESTALL A SURGICAL OPERATION.

Telephone Now for "FREE EXAMINATION" Appointment!

For the convenience of those who are employed and in order to make these services available to as many as possible, we will make appointments from 9 a. m. to 9 p. m. daily during this special health week.

Only Tox-Eliminator in Morrow County

Dr. W. H. Rockwell

NATUROPATHIC PHYSICIAN

227 North Main St.

Over 23 Years of Successful Practice in Oregon
 HEPPNER, OREGON

Phone 522

Relief From Suffering Scientific, Drugless, Non-Surgical Treatments SPECIAL HEALTH WEEK

Including Consultation and Examination Without Charge or Obligation
 Beginning Monday May 15, Thru Friday, May 19

New Equipment Installed

Most eminent authorities contend that 90% of all chronic diseases are due, in most cases, to pollution of the blood stream, contributing causes of which are constipation, improper elimination, over-taxed kidneys, etc. In most cases a functional disorder causes constipation. To aid in getting at the bottom and basic cause of a large number of ailments that have hitherto resisted the best efforts of all branches of healing, I have installed the Tox-Eliminator, a remarkable new instrument which has been used in other sections of the United States for several years with remarkable results prior to its introduction in this area.

The treatment, by helping remove the disease-producing materials at their foundation head, together with naturopathy helps the body to stop further damage and to rebuild the affected parts and restore them to normal. The treatment is pleasant and not embarrassing. It is leak-proof and odor-proof because the entire process takes place under water-tight and airtight conditions. It has no disagreeable features whatsoever, nothing that might offend a person of the most fastidious taste and sensitiveness.

This Natural, Drugless Therapy Assists in Accomplishing the Following:

1. Cleansing the colon, thoroughly and in a harmless manner.
2. Massaging the bowel and helping give necessary tone to tissues involved.
3. Helps purify the blood stream; proved by microscopic examination after treatments.
4. Assists in relieving rheumatic, arthritic and neuritic pain.
5. Helps reduce hypertension or high blood pressure, thus easing the work of the heart and freeing its cells, and the brain, from undue strain.
6. Helps lessen the extra burden which is thrown on the liver and kidneys by improper elimination.
7. Assists in improving sinus and antrum complications.
8. Helps in re-establishing a normal peristalsis or natural muscular activity of the intestines.
9. Assists in improving the complexion by assisting in eliminating the causes of pollution of the blood stream.
10. Helps in preventing the hardening of the arteries, by minimizing the deposits of calcium and magnesium salts on arterial wall.

Hollywood Tox-Eliminator Specialist Here For This Health Week

We have engaged the services of this doctor-technician for our Health Week. He is a member of the clinical staff of the Tox-Eliminator laboratory of Los Angeles, and is a specialist in the manipulation of the Tox-Eliminator. This technician will assist in all procedures during the week.

As we can handle only a limited number of consultations and treatments per day, it is necessary that appointments be made in advance. We suggest that you make your appointment as early as possible, as all available consultation periods will be filled within a short time. TAKE ADVANTAGE TODAY OF THIS OPPORTUNITY OF GETTING AT THE BOTTOM OF YOUR TROUBLE! If it should be necessary to employ X-ray to assist in the diagnosis of your case, this service will be available at a nominal fee.
