

Oregonians Endorse Work Of Sen. Holman

Citizens Praise Results Gained For This State

Portland, Ore. (SPECIAL)—The following quotations from letters are typical of hundreds received expressing appreciation of Senator Rufus C. Holman's effectiveness at the nation's capital:

"I have witnessed your fights in our own state for the Oregon National Guard, and later in the United States Senate your fearless stand for adequate appropriation for our defense forces. You have truly been a champion."

NEW OREGON INDUSTRY

"I hasten to extend congratulations and sincere appreciation on behalf of the people of Oregon for the splendid work you have done in securing for Oregon the alumina clay plant."

"We have been dealing for the past twelve years with Oregon senators and congressmen in Washington and never have we received such smooth cooperation and rapid handling of our every request for information and action."

"I want to congratulate you heartily on the successful outcome of your effort to obtain increased forest fire appropriations. This was a hard, fighting chance, but you took it and have won out. We are all indebted to you."

"May I express my sincere thanks to you for your interest and support given this recent deficiency appropriation bill to provide maternity care to wives of enlisted men in the armed forces."

"We take this opportunity of extending to you our thanks for your assistance which made it possible for us to secure tin plate to continue packing carrots, which would otherwise have gone to waste in this locality. We had been trying for weeks without any success until we called upon you."

TURKEY GROWERS SAVE

"Thank you for your efforts in behalf of the turkey producers of our state, as this means a saving to them of several hundred thousand dollars."

"I am sure that your resolution asking for a full and complete investigation of Federal regulations governing the distribution and sale of meat, poultry and dairy products will meet the universal approval of the growers."

FARM PROGRAM AIDED

"I want to express our appreciation of your great and effective help with regard to agricultural appropriations affecting the extension and research programs of the Land-Grant Colleges. Thank you for your assistance."

Original letters containing these quotations may be seen at the "Holman for Senator Committee" headquarters, 408 Wilcox Building, Portland, Oregon.

Names of signers not published here as these were unsolicited letters written to Senator Holman during his present term.

TONS
OF
TROUBLE

If your car has hypoid gears, pressures against gear teeth sometimes skyrocket to thousands of pounds per square inch. That's potential trouble if you haven't a gear lubricant built to take those pressures. Each type of transmission and differential requires a special lubricant, designed for its particular problems. Save trouble, repair bills—ask your Standard Man which of these you should use:

RPM GEAR LUBRICANT (COMPOUNDED)

For all transmissions and differentials (hypoids excepted) . . . minimizes wear, resists sludging, foaming, corrosion.

RPM GEAR OIL

For truck transmissions and rear axles that require an uncompounded gear oil . . . built for extra hard duty, resists foaming.

RPM HYPOID LUBRICANT

Specially compounded to give extra protection against extreme hypoid pressures in trucks or cars.

ZEROLENE GEAR OIL

A straight mineral oil for lubrication of gears that do not require an extreme-pressure type of lubricant.
