These are busy times—especially so for the one who has to plan and prepare the meals for the family, for she too is doing her share of war work.

It will be a boost to her's and the family's morale to eat out occasionally—to enjoy one of our STEAK DINNERS, or an oyster supper, or any one of the wide variety of excellent meals to be found on our bill of fare. Come any time . . . we're always prepared.

**It's yours!**

**YOU** not only owe this bill, but you're paying it.

That's what fire costs our forests, every year. Sometimes, the loss has totalled over \$100,000,000, and many lives, too. The bill goes into the cost of things we all use.

We—meaning all of us—ought to pay for it, because we cause most of it. Nine out of 10 fires may be traced to man. Careless smokers alone cause one out of four.

Tree farmers, seeking to grow forests for tomorrow's needs, fear fire most of all, for it may wipe out, in a few hours, the production of years. That is why they ask all of us—who must pay for this loss—to exercise the same care in a forest that we would in our own homes.

**Oregon!**

**your boys are fighting . . .  
are your dollars fighting?**

Oregon can be proud of her fighting men . . . can she be proud of her citizens at home? The FIFTH WAR LOAN calls for twice as much put into War Bonds, than ever before. Oregon fighting men would make the effort . . . let's match their effort!
