Music: Men About Town

Adm. 50c : Tax 10c : Total 60c per person

**Live butts
and the woods don't mix**

You don't toss burning cigarettes around a powder plant. But enough smokers toss burning cigarettes around forests to start 20,000 forest fires a year, more than a quarter of the total . . . In years of average fire loss, smokers cause a national loss of more than \$10,000,000 in our forests.

Few people realize how explosive a dry forest is in fire season . . . how, in a twinkling a lone spark may be fanned into a roaring conflagration, destroying in a few hours what nature, aided by man, has taken years to produce . . . A cigarette in a forest is a spark in a powder plant.
