The Khaki-go-Wackiest musical show of them all.

Wednesday-Thursday, July 19-20

The Uninvited

Ray Milland, Ruth Hussey, Donald Crisp, Cornelia Otis Skinner and Gail Russell wander around with spooks and ghosts on the English Devonshire coast... you'll like "The Uninvited," it's a refined chiller.

SHE WILL RULE ROUND-UP

Chosen to rule over the thirty-third Pendleton, Oregon, Round-Up, Sept. 14, 15, 16, is Janet Thompson, 19, shown here on her horse, White Foot, at the ranch of Janet's parents, Mr. and Mrs. James R. Thompson.

Janet, known as one of the best girl riders in the Pacific Northwest, first climbed into the saddle when she was two years old; she broke White Foot, and other mounts to ride, and has frequently won in the racing events at the Spring Show held by the Mustangers, Pendleton saddle club, of which Janet is a member. In 1934, she was the Round-Up junior queen.

But it is not only in horsemanship that brown-eyed, dark-haired Janet excels. Now a sophomore at the University of Oregon, in high school days she was awarded a student pilot's flying license after instruction which included 20 hours of solo flying; she is an excellent shot; plays a fine game of golf and tennis, is an expert angler and skis and swims with excellent form.

However, Janet's life hasn't been fun. From childhood she has been a real ranch hand and for the past two years has played her part in the food for victory campaign; first driving a truck in pea harvest, and next, running a pea loader, distinctly a man's job, from six in the morning to six at night.

Janet's dad, well known wheat rancher, has since boyhood been one of the mainstays of the Pendleton Round-Up, aiding in events of track and arena. He is a nephew of S. R. Thompson, president of the Round-Up and a brother of Herb Thompson, livestock director. Riding with Janet will be a court of six Round-Up princesses, to be announced later.

Interested members and their Hardman. Friends are cordially invited to join the young people in the W. H. French place south of Pendleton at noon.

How can a motor oil save gasoline?

Much gasoline loss is caused by gradual ring and cylinder wear. Gas mixtures then "blow-by," compression is reduced, performance gets rough. RPM Motor Oil slows this wear way down—sticks tight on hot or cold metal surfaces, insures cold motors against extra starting wear, protects critical hot spots on long runs. For more mileage, less wear—use Standard's RPM Motor Oil.
