

### Recapping Plant Enjoys Good Start

Opening up for business Monday morning, the OK tire welding plant found plenty of tires and tubes on hand for repairs. Passenger car and small truck tires are being handled at present pending the arrival of the larger mold which will recap tires up to the 8 1/4 inch size. With installation of the larger mold most of the trucks employed in this territory can be served.

It requires about one hour and 15 minutes to recap a tire by the OK process. This type of service has a strong appeal to people with tire troubles. If they have but one tire that needs recapping most of them drive up and wait until it is ready for delivery, put it on and drive away.

Mr. and Mrs. Frank Engkraf, proprietors of the OK shop, have called attention to the re-use value of the Irish linen wrappers which comes around every one of the rubber recap strips. The linen is suitable for cuffs, collars, aprons and other articles. They state that anyone wishing to try out the linen is welcome to call at the plant and ask for it. In some places the Red Cross takes the cloth for various uses.

#### SHORB STARTS HIS CAMPAIGN FOR HOUSE

C. J. Shorb, democratic nominee for Congressman 2nd District is starting upon his active campaign of the district this week. He left for Portland to attend the department convention of the American Legion as a delegate from the La Grande Post, of which post he is a past commander. He expects to then start on a trip which will take him into all the counties of the district where he says he wants to meet as many people as possible.

He expects to be in Klamath Falls on Aug. 27 to attend the county democratic picnic at that time.

Some of the things which Shorb stands for is—all-out effort looking to earliest possible victory—all possible aid for war casualties and soldier rehabilitation. Extension of social security to include business men, school teachers public servants, domestics and farm laborers, greater development of our natural resources especially power and flood control, and a continuance of a forward looking farm program and low interest rates.

Shorb is publisher of the Eastern Oregon Review at La Grande and also operates a retail and wholesale stationery business.

### Paper Shortage Accute

---

**We have repeatedly warned the public of the pending paper shortage which now is upon us. Egg cartons are obtainable, paper bags and wrapping paper only in limited quantities and fast getting shorter. Manufacturers are demanding return of empty cartons of all kinds, So bring your cartons with you whenever possible as containers for packing groceries to take to the country are almost a thing of the past.**

**Your cooperation in this matter will be greatly appreciated. Let's work together for a common end, namely, a quick winning of the war.**

### Live butts and the woods don't mix

**Y**OU don't toss burning cigarettes around a powder plant.

But enough smokers toss burning cigarettes around forests to start 20,000 forest fires a year, more than a quarter of the total.

In years of average fire loss, smokers cause a national loss of more than \$10,000,000 in our forests.

Few people realize how *explosive* a dry forest is in fire season . . . how, in a twinkling, a lone spark may be fanned into a roaring conflagration, destroying in a few hours what nature, aided by man, has taken years to produce.

A cigarette in a forest is a spark in a powder plant.
