Lexington News

Mrs. Mary Edwards
The Misses Shirley and Hazel May entertained a group of young folks at their home Thursday evening. It was a farewell party for the girls as they are leaving soon for their new home in Spokane.

Mr. and Mrs. Ralph Wickersham, who have been visiting at the Harry Duvall home left for their home in Portland Sunday.

Mrs. Eula Barnhouse and Jean went to Portland last week. They were accompanied by S. G. McMillan and Mrs. Ladd Sherman and daughters.

A. M. Edwards spent a few days in Spokane this week on business.

Mrs. Douglas Gibson and daughter spent Monday at the home of Mr. and Mrs. Breshears. Miss June Steagall returned with her after spending several weeks at the Gibsons.

At the last meeting of the school board Mrs. Lillian Turner was granted a year's leave of absence and Mrs. Juanita Carmichael was elected to teach in the upper grades. Lexington now has a full staff of teachers. Mrs. Bethel Taylor has been elected superintendent, Mrs. Eula Barnhouse and Mrs. Louise Woods will teach in the high school. Mrs. Lavelle Sherman, first and second grades, Mrs. Verle Frederickson, third and fourth and Mrs. Carmichael upper grades.

Mr. and Mrs. W. E. McMillan drove to North Powder Sunday taking her father and brother who have been visiting here.

Cecil Jones visited his family over the week-end. He is drilling a well on the Hanford project for the government.

VISITING SON'S FAMILY
Mrs. D. House of Dayton, Wash., is visiting at the home of her son, Kenneth House and family. She expects to be here two or three weeks.

Gifts to Hospitals Listed by Morrow County Committee

At the committee meeting held Aug. 12, it was decided the public might be interested in the list of gifts sent each month during the year and the following is the list for July 1944:

The boys at Pesco Naval Station were sent the following presents: a maple finish desk with lamp, maple record cabinet and two foot stools for the sun room. For the barracks recreation room, an unfinished book case, 12 pairs curtains three smoking stands and a floor lamp. The last two items were used articles in good condition. Two pairs of hand made curtains with rods were sent by the Valby missionary society and 5,000 sheets of stationery were given by Holmes Gabbert a former resident of Ione. Sixty-five pocket size books were sent by Mrs. Velma Parker of Portland to the credit of Rhea Creek grange. Mrs. Fred Mankin sent one and one half dozen cups, saucers and small plates for the Waves mid-night snacks. An iron and cord were given the colored boys by Mrs. Bob Thompson.

McCaw hospital received the following items: A box of wrapped gifts for prizes from Humphreys Drug company, a radio from Mrs. Barr of Portland, a crescent wrench for the bicycles, two boxes of funny books from Lexington, a radio from Gus Nikander, a ukelele and archery set from Mrs. Misner, bango from Mrs. Ralph Jackson. 18 mystery stories and a year's copies of Readers Digest. Sixteen prizes were sent the patients at the Veterans' hospital from Valby missionary society.

Morrow county funds were given for the following things: \$80 for canvass for the awning, \$70 for spot

light with necessary globes, \$92.50 for three new radios, \$100 for furniture for sunroom at Walla Walla Air base, \$42.50 for new curtains for ward 9, and \$10 for western stories and comic books. Also \$25 was sent for Mrs. Reser's account and \$5 for telephone call at the regular monthly birthday party.

Employees of the bank are giving the wrapped prizes for August and Rhea creek grange will give them for September. The committee would welcome help from organizations and groups for these prizes as it is something the patients enjoy very much. It takes so many each month and each county should provide a certain amount. The girls attending the evening session of the Red Cross are glad to do the wrapping and will do the shopping for donors who do not have the time.

ON BUSINESS TRIP

B. C. Pinckney left Wednesday afternoon for Portland to spend a few days on business.

BACKWOOD DIPLOMACY

Hunter (to old guide): "Have you ever been lost in the woods?"
Old Guide— "Nope—I was bewildered once for four days."—
Quebec Chronicle-Telegraph.

THE ORIGINAL AIR DEODORANT

banishes COOKING ODORS instantly—

Spray away cooking and other unwanted odors with this marvelous air cleanser. It dissipates odors completely.

Humphreys Drug Company

These are busy times—especially so for the one who has to plan and prepare the meals for the family, for she too is doing her share of war work.

It will be a boost to her's and the family's morale to eat out occasionally—to enjoy one of our STEAK DINNERS, or an oyster supper, or any one of the wide variety of excellent meals to be found on our bill of fare. Come any time . . . we're always prepared.

A Message from your Insurance Agent . . .

If you stop to figure it out, many of the freedoms you and I take for granted are made possible by something we seldom think about, and that something is property protection. Our freedom to buy and sell . . . freedom to invest our savings . . . to obtain credit . . . to start a business—these are good examples. And they all depend upon the protection of fire insurance. For fire insurance GUARANTEES MEN against losing what they BUILD—or OWN—or INVEST—if fire should strike. So that fire insurance, written especially for your needs by your local agent, plays a vital part in the life of every one—every day. Most important of all, this protection costs so little that everyone can enjoy its benefits. Year after year, America's fire insurance companies provide protection efficiently—with small profit to themselves—at low cost to you!

Some of the most important services your fire insurance gives you aren't even in the policy written for your special needs by your local agent. They're extra services that are voluntarily rendered. They surround you and your job and home and family with safeguards few people even know, but which steadily REDUCE THE COST of fire insurance to you. For example, in great laboratories sponsored by capital stock fire insurance companies, thousands of products are tested by experts. Radios, refrigerators and oil burners, electric wiring, roofing materials and many others—tested by experts for your protection. And you BENEFIT in dollars as well as in safety. In 30 years, services like these have reduced the rate of fire loss by more than 40%. And as a result, they have also lowered the AVERAGE COST of fire INSURANCE by more than 40%. Thus the EXTRA services which come with your fire insurance policy are bringing you ever greater protection—at steadily lowered cost.
