**Keeping American
Families Intact**

We're great home lovers in our town. Family folk—like most Americans. So when war came, and the boys left in uniform, and the girls went into war plants, folks began to shake their heads.

Take Ben Ryder's family, for instance—all doing something different. Young Ben's in the Navy, and his sister's in the airplane plant. Ben's foreman at the tool shop, and Ma spends her days at the Canteen.

A broken home? Don't you believe it! When Ben relaxes with his evening glass of beer, and

Mom and Sis sit down to write their daily letter to Ben Jr., they're closer together than ever... bound by a strong and common purpose—to keep their family, their America, intact.

From where I sit, the strength of America lies in that family spirit—in the tolerance and mutual respect and understanding that have made the American family a strong and vital force for Good!
