We are now supporting 3,000,000 employees on the Federal payrolls, more than 2200 bureaus, agencies and commissions. Directive follows directive. Inefficiency, waste and confusion increases. And up goes the tax bill imposed by New Deal extravagance.

DEWEY WILL GIVE FARMERS A SQUARE DEAL. READ THIS SUMMARY OF HIS FARM PROGRAM:

"The wide fluctuation of prices of farm products following the last war will not be tolerated. A floor will be placed and maintained under farm prices with assurance of seal-up crop loans. A proper farm program will be created and so operated that the farmers will have control and operation of their program without domination or dictation of appointed bureaucrats."
