## Oregon 4-H State Winners

IN recognition of their outstanding 4-H records of achievement, four Oregon club boys and girls have been named State champions in their respective wartime production and conservation activities, conducted by the Extension Service. They are:

Wilma Lyon (photo 1), 17, of Junction City, won top rating in the National 4-H Clothing Achievement for her 9 year record of making 61 garments in addition to mending, patching and darning. Wilma was county champion in the Style Revues of 1941 and 1943. Her award is provided by the Educational Bureau of the Spool Cotton Company.

Dorothy Palmblad (photo 2), 17, of Gresham, is the winner of the 1944 State award in the National 4-H Canning Achievement, provided by the Kerr Glass Corp. During 9 years in club work, the girl put up 3,019 jars of meats, vegetables, fruits, soups and jellies, and won many placings on her exhibits, including \$36.75 in cash prizes. Her estimated value of canned goods on hand is \$1,167.95. Merton Bradshaw (photo 3), 19,

of Brownsboro, is the winner of the State award in the 1944 National Meat Animal Program provided by Thomas E. Wilson, Chicago. During 9 years in club work the boy handled 34 baby beeves and 9 hogs. He won many placings on his meat animal exhibits, including \$154, which brought his total income from all projects to \$5,349.06.

Richard Krenz (photo 4), 18, of Silverton, received the 4-H Home Grounds Beautification State award, provided by Mrs. Charles Walgreen, Chicago. Among his home landscaping achievements were planting vegetables for a Victory garden and adding several new flowers and shrubs to his flower garden, in which there are 43 species. He repaired various things around his home to improve appearance of its surroundings.

The Clothing and Canning Achievement State winners' awards are all-expense trips to the National 4-H Club Congress in Chicago, Dec. 3-6. The Meat Animal and Home Beautification winners receive 17-jewel gold watches. All four winners are eligible to compete for national honors.

## OUR DEMOCRACY—by Mat

THOMAS ALVA EDISON  
• 1847-1931 •

### INVENTOR · SCIENTIST.

DURING 50 YEARS OF WORK HE HELPED TO GIVE US ELECTRIC LIGHT, ELECTRIC POWER, THE PHONOGRAPH, THE MOTION PICTURE — IS CREDITED WITH MORE THAN 1000 PATENTS.

EDISON'S ADVICE TO HIS FELLOW AMERICANS WAS:

"Be courageous.  
Be as brave as your fathers before you.  
Go forward."

More than half the national harvest of lumber is needed for boxing and crating during these war days. Wood and paper containers are getting material to the fronts with a minimum of loss.

**BUT WOODY'S READY FOR PEACE, TOO—**

OUR war equipment—from planes and jeeps to first aid kits—must be packaged and protected against loss in the long journey to distant war fronts.

Forest products, both wood and paper, are performing this service. Damage in transit has been cut to less than a tenth of what it was in the last war.

This is the chief reason why your new home must wait until the war is won. Our forests are ready for this job, because, as they are used, they grow again.
