WILLOWS GRANGE STARTS NEW YEAR

A good turn out of members greeted the 1945 Master, Donald Heliker, as he lowered the gavel for the first meeting of Willows grange for the year.

The lecturer, Barbara Heliker, presented an excellent program consisting of music stunts, etc. A roll call featuring resolutions for a grange new year if carried to fulfillment would make Willows the best in the state. Supt. Holcomb of Lone schools was guest speaker.

The secretary announced the payment of \$170.00 in dues for the evening, some being collected previously.

Willows grange will meet with Lexington grange on Feb. 9.

The next regular meeting of Willows grange will be held in their hall Saturday evening, Feb. 10. All members are urged to be present and receive the new pass word.

TO PROTECT

TO HARVEST

TO GROW

This is FORESTRY

YOU WILL BE GLAD TO KNOW that WE are just as much interested in assuring abundant forests for America's future as you are. We are interested for the same reasons as you. In addition, we want abundant timber in the future because timber is our livelihood—and common sense tells us we can't log timber unless there is timber to log.

That's why we are growing timber for the future just as surely as we are harvesting other timber today. Also, that is why we are protecting today's crops and the future's crops from fire and other hazards.

To protect to grow to harvest. These are the three essentials of good forestry. And it is because we—and so many other companies—have adopted these principles that in the American forests the annual volume of new wood (created by growth) has been steadily INCREASING for about twenty years.

TODAY—EVEN IN WAR-TIME—THIS INCREASE IS CONTINUING!

This Is a Want Ad! READ IT!

We want everybody to read this advertisement, because there is a serious shortage of teachers and you may be able to aid in alleviating this shortage.

If you are a qualified teacher and not now engaged in that work, won't you please fill out the blank below and mail or return it at once to the county superintendent?

If you have not been certificated but could qualify, please fill out the blank and return it to this office.

Unless drastic action is taken at once, our school system will be sorely handicapped next year. Won't you act now so that a list of teachers may be made up to submit to the several districts? Your cooperation will be greatly appreciated.
