If you're waiting for a home telephone

...you naturally want to know how soon we can fill your order.

We wish we could tell you but the fact is that it depends on these two things:

- 1 The extent to which present subscribers may decide to give up service, thus releasing central office equipment, instruments, outside wires, etc.
- 2 The extent to which manufacturing facilities and manpower, new and released equipment, are available after the needs of war are met.

Meantime, we promise you this: Your application will not be forgotten and it will be filled in the shortest possible time.
