AAA News . . .

AAA NEWS

Farm stored wheat that is under Commodity Credit loan is mortgaged and cannot legally be moved without the permission of the County AAA office. Operators who wish to sell should have the purchaser pay off the loan before the wheat is moved. If this cannot be done, the County AAA office should be consulted.

The farm plan sign up for Morrow county has entered its second week with only moderate interest being shown by farmers. Participation in the AAA program is not compulsory but is entirely optional with each farmer. Only those who fill out and sign a farm plan are eligible to receive a government payment for practices performed. Before the county committee can certify to a farmer's need for a truck, tractor or other rationed equipment, it will be necessary to have an up to date report of his operations which are included in the farm plan.

Treasury procurement has announced that preference will be given to agriculture in sale of used crawler tractors declared surplus

by the armed forces and other government agencies. The tractors are sold to dealers on a sealed bid basis. Because of the demand, most bids, preference will be given to dealers buying for resale to farmers holding letter of necessity issued by AAA committee.

FURLOUGH AT HOME
