

### P-TA Plans Hobby Display on 11th

Hobbyists will have an opportunity to "strut their stuff" next Wednesday evening at the regular meeting of the Heppner Parent-Teacher association. The program planned for that evening is based on leisure time activities and it is hoped that those who have hobbies will be so kind as to display them there that night. Mrs. Tress McClintock is in charge of this feature and those desiring to make entries are requested to contact her.

Other features of the program will be presented by the Heppner public library, Boy Scouts, the school band and the grade school

girls. The first two will put on skits, the band will play and the grade girls will put on a tumbling act.

Displays so far planned are by the Heppner public library and a traveling art exhibit from all schools of the county.

### Life Memberships In EO Wheat League Made Available Here

Morrow county wheat growers now have an opportunity to become life members of the Eastern Oregon Wheat League for a nominal fee as the result of action taken at the organization's last annual meeting, according to Werner Rietmann of Ione, member of the league's executive committee.

The life membership plan was adopted at the Arlington meeting last December as a means of stabilizing permanent membership in the league and to simplify the payment and collection of dues, Mr. Rietmann explains. The arrangement also will add to the efficiency of the organization and the convenience of its members. Life members will not be assessed annual dues.

Under the plan a member may purchase a life membership on a graduated scale according to age. The rates by age groups are: from 20 to 34 years, \$25; 35 to 49 years, \$18; 50 to 64 years, \$8; and 65 years and over, \$5.

Werner Rietmann is accepting life membership payments in Morrow county. While the plan is entirely optional with members, he believes it will strengthen the league and he hopes to sign up a considerable number of wheat growers in this county.

The Eastern Oregon Wheat League has developed into one of the most outstanding farm organizations in the west since it was organized 17 years ago. Agricultural leaders, state and federal officials, marketing and transportation agencies and many others concerned with agricultural problems of the Columbia basin have long looked to the league for counsel. Each year a half dozen or more prominent state and national leaders participate in the league's annual meeting.

The 140-page proceedings of the 1944 meeting held at Arlington in December have recently been sent to all league members, Rietmann reports.
