There are many more Long Distance calls than before the war and more are in a hurry. But service keeps on being good for most people, most of the time.

Some lines, however, are carrying an extra heavy load and sometimes all lights are lit on a switchboard. Then the operator will ask your help by saying—"Please limit your call to 5 minutes."

**Will you hold a
FAT-SALVAGE BEE
for your country?**

HERE IN AMERICA, when a neighbor needs help, it has always been the custom for all the folks to pitch in and give him a hand. Many a harvest would have been lost without the help of a husking bee.

YOUR COUNTRY NEEDS a fat-salvage bee right now! Millions of tons of fat have been used up to supply the thousands of battlefield and home-front needs in this war. And there's still a lot of war ahead!

A PLEA TO EVERY WOMAN! Our country is calling on you, the women in small cities and towns and on the farms, to save every drop of used fat. Your used fats are desperately needed to meet our country's requirements.

So scrape all pans and roasters. Skim soups and gravies. Keep your used fats in a tin can—any kind will do. Save meat trimmings and plate scrapings in a bowl; melt them down and add the liquid fat to your can.

When the salvage can is full, take it to your butcher. He'll give you 2 red points and up to four cents for every pound. If you have any difficulty turning in your used fats, call your Home Demonstration or County Agent.

Needed this year: 100,000,000 more pounds of used fats
