

C. E. Notson Awarded Bronze Star Medal

A former Heppner man (or it might be more to the point to say boy, since he spent his boyhood here), Rev. Charles E. Notson, recently was awarded the Bronze Star Medal for meritorious action in the face of the enemy somewhere in Germany. Notson, who was serving the Tonasket, Wash., community church, entered the United States army in May, 1944 as a chaplain.

Before he entered the army Chaplain Notson had served as a missionary in China. He was ordained in Toachow (Old City) Kansu, China in 1940. In 1942 he returned to the United States and served as pastor of the Tonasket church until his entrance into the army. Having completed his course at the Harvard University Chaplain school he was assigned as a First Lieutenant to the 69th Infantry Division. When the "Fighting 69th" went overseas, Chaplain Notson accompanied the unit and has since been promoted to the grade of Captain. He was cited for his immeasurable service to the medical battalion with which he is connected. His ability, initiative and endurance as well as his ever-cheerful attitude have been highly praised. On countless occasions he made long and arduous trips so that all the men could have religious services as frequently as possible.

AWARDED PURPLE HEART

Word has been received here that Pfc Frank Lovgren, (known to his many friends as "Tim") has been awarded the purple heart. Tim was wounded in action in the Philippines April 20. He entered the army in December 1942, took his training at Fort Myers, Va. and Fort Benning, Ga. Later he went to California and was sent across in December 1943.

Tim was in New Guinea and was sent from there to the Philippines. He says "the paratroops are rough and they are tough but a hell of a good layout." Tim asked to be remembered to all his friends.

SPEND WEEK-END HERE

Mr. and Mrs. Robert Evans and baby came from Portland to spend Mother's day with Mrs. Evans' parents, Mr. and Mrs. M. L. Case. Sunday afternoon, Rev. Bennie Howe christened the baby, James Martin, at the Case home. The visitors returned to Portland Tuesday.

Mr. and Mrs. J. F. Pfeiffer, and daughter-in-law, Mrs. Jack Pfeiffer and little daughter all of Seattle, Wash., are house guests of Mr. and Mrs. Orville Smith and Jimmy this week. The Pfeiffers are Mrs. Smith's parents.

John Botts of Ione had the back of his hand cut severely when he became entangled with a lathe. He was brought to Heppner to a local physician to have the injured member attended to.

Jack Hynd, from Cecil, and E. R. Sheaffer from the Hynd Bros. ranch at Freezeout were in Heppner on Wednesday on matters of business pertaining to the operation of the ranch at Freezeout.

Mrs. Ed Burchell's face is wreathed in smiles since receiving a letter from her husband last week to the effect that he is now Lt. Colonel. He was raised in rank on April 27.

Henry Stotts, son of U. J. Stotts, has been released from a German prison camp according to a telegram received by his father this

week. Henry has been a prisoner for more than two years.

Mrs. Henry Happold and daughter, Mrs. Oral Wright and Nancy, spent Sunday, Mother's Day, in Portland at the home of Mrs. Happold's other daughter, Mrs. James Bradford and family.

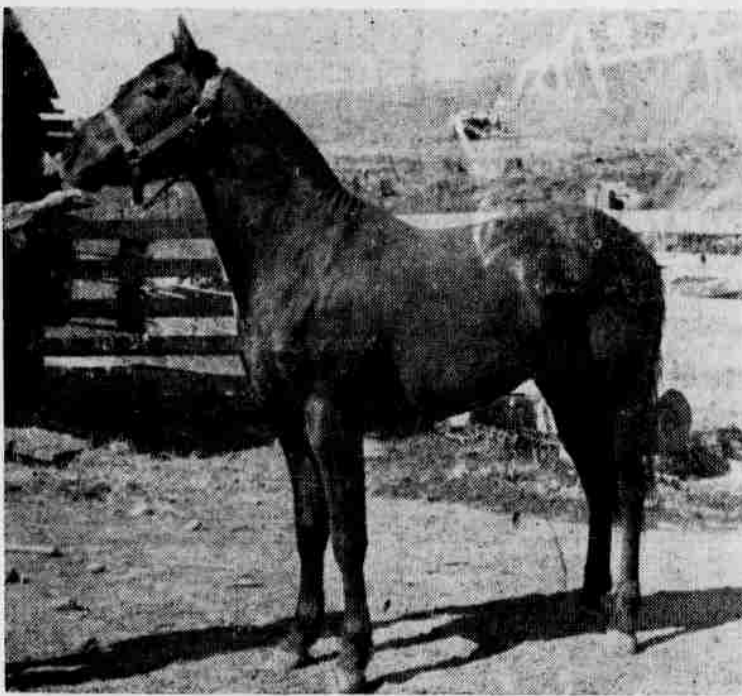

Mr. and Mrs. Charles Buzzard of Dayville were Wednesday visitors to Heppner while Mr. Buzzard transacted business. He was formerly located in Heppner in the Soil Conservation office.

E. B. J. and his assistant, Charles Otis from Oregon State

college in Corvallis, are in town this week conferring with County Agent Arnold Ebert on matters pertaining to the local AAA set-up.

RECEIVES MESSAGE IN DANISH

Chris Brown received a telegram the first of the week from a brother residing in Denmark. The message was sent through the International Red Cross and conveyed congratulations to the Heppner man on his 70th birthday anniversary. It was written in Danish, which made it the more endearing to the recipient.

Quarterhorse Stallion VULCAN

The three-year-old Quarterhorse stallion Vulcan was recently purchased by O. Wendell Herbison from Harold McIntyre of Helix who brought him from Dragon, Ariz. when a two-year-old. Vulcan, a pure-bred under register, is being kept at the C. N. Jones ranch south of Heppner.

From where I sit... by Joe Marsh

Lud Denny Lends a Helping Hand

Lud Denny got home early from the plant the other day, and found his missus in the middle of housecleaning, with the furniture moved around, and the place a shambles.

Some men might have grumbled about getting precious little time off, and finding their home upset. But not Lud. He just took his coat off, and pitched in and helped.

And when he got the last curtain in place, and stepped down off the ladder, there was his missus with a tray of cold beer and

cheese blintzes she'd made for Lud. And blintzes are Lud's favorite dish.

From where I sit, it's little things like this that will help to ease our troubled lives today—see us through difficulties—keep alive the spirit of good fellowship and mutual respect. Try trading a helping hand for ice-cold beer and blintzes. See if it doesn't make life seem a little brighter!

STORAGE BATTERY FOR *Sunlight*

A tree is a complex mechanism for the extraction and storage of minerals, chemicals, and moisture from the soil . . . and sunlight from the air. It is the kind of machine we need lots of because the compound which it manufactures . . . WOOD . . . can in turn be transmuted into a rapidly expanding group of new industrial substances.

Industry has an increasing need for trees . . . nature wants to provide them . . . so the forest industries are rapidly expanding management plans which encourage repeated tree crops. Already 47 per cent of all industrially harvested timber lands is growing new trees . . . is from 40 per cent restocked now.
