# Do You Know

If Car Manufacturers Produce 200,000 Passenger Cars This Year You Will Have

**APPROXIMATELY**  
**One**  
**Chance**  
**In**  
**200**

of getting a new car in 1945-----

## PROVIDING

**New Cars Are NOT Rationed**  
**Car Manufacturers**  
**Estimate It Will Take**

# 5 YEARS

of full scale production to supply the present demand for new cars.

The estimated figures released for 1946 production will little improve your chances of owning a new car.

## Take a Tip From Us

Do not become over optimistic by the release of production figures. In 1941 the industry produced over 4,000,000 cars of which Chevrolet alone manufactured nearly 1,200,000. You can see that only 200,000 cars for 1945 is merely a drop-in-the-bucket.

# Your Car Must Roll For a Long Time

In fulfilling our war time pledge "To Save The Wheels That Serve America" we feel it our duty to bring all car owners this important message.

Open evenings Monday thru Friday 8 p. m. Saturday 10 p. m.
