Forest Restrictions Put Into Effect for Summer Season

Supervisor Carl Ewing announced early this week that beginning on July 1, 1945 the usual forest fire prevention precautions will be required on timbered areas with in and adjacent to the Umatilla National forest. These are:

No smoking while traveling thru forest, brush or grass lands, except on two-way paved or surfaced roads.

Camp fire permits are required except at improved and posted forest camps.

Shovel, axe and bucket are required of persons traveling on the national forest with a car or pack horse if camping is intended.

Camp fire permits may be secured at Heppner ranger station; Ellis guard station; Arbuckle lookout station; Tamarack lookout sta-

tion and Bull Prairie guard station. Supervisor Ewing added that public cooperation in preventing forest fires has been so encouraging during these difficult years, Umatilla rangers have not found it necessary to resort to any extraordinary restrictions in the use of the forest by stockmen, fishermen recreationists. People are usually the cause of many more disastrous fires than even lightning. When all are careful with camp fires, pipes and cigarette stubs, the forest service, charged with responsibility for protecting the forest resources of timber, forage, water and recreation, can redeem this responsibility and at the same time encourage their maximum use and enjoyment.

To the men whose livings depend upon harvesting ripe trees or cured grass or grain this matter of fire safety is mighty important. It just amounts to making sure that no live spark will have a chance to come in contact with anything that will burn.

Church members and visitors crowded the Methodist church Sunday as a token of esteem for Rev. Bennie Howe who was preaching his farewell sermon, or as he called it his "discontinuation" sermon. The Church of Christ dismissed that minister and congregation attend the neighboring church and goodly a number of the All Saints Episcopal church membership was counted in the congrega-

tion. Following the worship service the congregation repaired to the dining room in the basement where a sumptuous potluck dinner was enjoyed.

Steward Cole left Monday evening for Brooks to spend a few days at the annual campmeeting of the Assembly of God. Rev. Clifford Noble and family and Mrs. G. E. Nikander left last week for the same place to help get the camp in readiness.

LEAVING FOR EAST
G. E. Nikander will leave Saturday night for Carney, N. J. to at-

tempt a linoleum layers' school. It is his plan to attend buyers' market in Chicago to select stock for the Case Furniture company. He will be gone two weeks.

Mrs. Elizabeth Goishong, White Salmon, Wash., accompanied her sister, Mrs. Agnes Curran to Heppner Friday for an indefinite visit.

Mrs. B. C. Forsythe returned to her home Monday after spending the past several weeks with her son and daughter-in-law, Lt. and Mrs. Jack Forsythe, in Pampa, Texas. While in Pampa, Mrs. Forsythe had the pleasure of greeting her new grandson, Lynn, who arrived June 19.

in the apartment in the Full Gospel mission until a house is available.
