From where I sit ... by Joe Marsh

Keeping 'em Down on the farm

Rode out to the Jenkins farm the other day—and there was young Charlie Jenkins—two months out of uniform—driving a tractor as pretty as could be with his one good arm.

"I expect you find that pretty dull after piloting a bomber," I suggested.

Charlie gives me a wide, contented grin. "Dull?" he says. "All the time I was over Germany I dreamt of this—the smell of hay, and the hot sun on my back... and comin' home to

women's voices in the farmhouse, and home cookin', and a friendly glass of beer. No," he says dreamily, "not dull!"

From where I sit, that's how lots of returning veterans must feel. Yearning for excitement? No, just mighty glad to be back with the old familiar things, the day's work, the rewards of home, companionship, and simple pleasures like a friendly glass of beer. No... not dull.
