**Grangers Grow Social Crops
that benefit
all Oregonians**

MAIL BOXES along country roads are symbols of a Grange achievement.

Oregon was one of the first States to have rural delivery of mail. The route, south of Salem, was established on an experimental basis in 1898. The success of this and similar routes in other parts of the country led to the extension of R.F.D. to every part of America.

Projects of this nature are as vital a part of Grange policy as better agriculture itself. That is why 28,000 progressive farmers belong to the Oregon State Grange—why membership continues to grow—why the Grange is a dominant force for social progress.

Information about the purpose and accomplishments of the Oregon State Grange is contained in a booklet "Let's Look at the Record". Contact your local Grange for copy, or write direct.

RESOLUTIONS OF RESPECT

Whereas, it has pleased our Heavenly Father to summon to his Eternal home our beloved brother, Charles Burton Cox, who was a faithful member for many years of Ruth Chapter No. 32, Order of Eastern Star,

Be it resolved that we bow in humble submission to the will of

the Omnipotent, and extend to the bereaved family of the deceased our heartfelt sympathy; that we drape our charter in mourning in memory of our departed brother; that a copy of these resolutions be spread upon the minutes of the chapter, a copy sent to the bereaved family, and one to the press for publication.
