YES! It's Christmas at PENNEY'S!

Poor old Santa's had four pretty discouraging Christmasses. All over the world, the boys away from home... all over the world their families missing them like anything.

No matter how hard he worked at presents to cheer them up, the one present that everyone in the world wanted was PEACE. And there wasn't much he could do about that.

When 1945 dawned, Santa sat at the North Pole looking down over the scene of battle... watching and praying, like everybody else. He breathed a sigh of relief on VE Day. But that triumph was tempered by gloomy predictions on the length of the Japanese war. And then—like a bolt from the blue—came VJ Day. The war was over!

So Santa rolled up his sleeves and went to work—to make this the best Christmas in the memory of man!

And Santa's assistants at Penney's have been working like beavers to provide the things that will complete this merriest of Christmasses with gay, useful, welcome presents! Maybe not everything that everybody wants, but certainly enough for a wonderful Christmas!
