

REPORT OF COUNTY UNIT OF BLUE MOUNTAIN COUNCIL

At the October council meeting of the Camp and Hospital committee the following gifts were taken, cribbage board and two decks of cards, from Mrs. S. M. Morgan; seven birthday gifts from Valby missionary society for Air Base, hospital in Walla Walla; games and two boxes candy, Mrs. Ralph Thompson. Prizes were sent the Elks ward and Morrow county ward as well as party prizes from Mrs. Thompson.

The sum of \$5.75 was turned in by a group around town and was used in purchasing farewell gifts for boys in our wards which had grown to 50 men in three wards. Gifts were purchased by Elks donations and committee funds. Mrs. Ralph Thompson remembered 10 patients who had been there longest. Six packages of magazines were sent by La Verne Van Marter and a \$10 check from Willows HE club for closed wards at McCaw. Since McCaw will be closed no more magazines will be sent.

A check for \$134.50 covered the usual program of help at McCaw hospital and included 12 folding chairs which were used on fishing trips and outings to parks.

The field director at McCaw asked Mrs. Ralph Thompson, chairman of the Morrow county unit to express her thanks and those of the doctors, nurses and patients for the generous help the people of Morrow county have given to McCaw for the more than two years past. Every request made to the committee was filled due to the generous donations from almost every person in Morrow county.

Check and Double-check

Have you ever noticed that whenever two trains pass, freight or passenger, a trainman will signal, with hand or lantern, to the trainman at the rear of the other train?

This is not merely a friendly gesture. Each man makes a careful visual inspection of the other's train while it passes. Then he signals that all is well or that he has spotted some defect.

This is just one phase of a continuous "check and double check" system. All

Union Pacific trains are thoroughly inspected before leaving terminal points . . . all station agents check each train as it passes. Even track crews, along the right of way, are alert to spot any sign of trouble.

Thus, Union Pacific trains are checked time and time again as they transport passengers and freight over the Strategic Middle Route, uniting the East with the mid-West and the Pacific coast.
