Mr. and Mrs. Ronald Black and Evelyn, Ann, Chloe Barlow and Mary Ann Rands motored to Pen-

dleton Saturday.

Mr. and Mrs. H. O. Ely of Morgan were dinner guests of Mr. and Mrs. Elvin Ely Sunday.

## PUDDING FOR DESSERT

Show us the family that doesn't love desserts! Most homemakers find the weather a source of inspiration for bringing the meal to a happy ending. Hot summer days, for instance, call for frozen desserts-and it's during the cold days of mid-winter that puddings taste

Desserts must receive attention in the planning of the meal. You have, no doubt, experienced sitting through a hearty main course and an equally substantial dessert and hearing the resultant groans around the table. So learn to fit dessert into the mood and pattern of your meals-a light dessert for a hearty meal, a heavy top-off for a light

Puddings, especially the ones served hot, are among the most filling of all desserts. Some puddings are complete in themselves but others taste best served with a sauce. With steaming hot plum pudding hard sauce made from butter, powdered sugar and flavoring is perfect. Bread or rice puddings are good with cream or a maple sauce, and plain or whipped cream should top the cornstarch mixtures. It's all a matter of your own favorite combination of flavors.

For your holiday pudding here is a hard sauce recipe with different flavors to suit all tastes. HARD SAUCE

4 tbs butter, 1 cup confectioners' sugar, 1 tsp boiling water, Few grains of salt

Cream butter and sugar together thoroughly. Add boiling water, salt and desired flavoring as listed below. Beat until smooth and fluffy. Makes 7-8 cup.

Brandy-to taste.

Orange-1tsp grated rind. Ginger-4 tsp chopped preserved ginger.

Cranberry - 2 tbs unstrained canned cranberry sauce.

Fluffy Hard Sauce-Use only 2 ths butter; fold in 1 stiffly beaten

Our rate of progress in completing our unfilled orders is dependent upon the receipt of the necessary equipment from our manufacturers who are going ahead as rapidly as possible in reconverting from all-out war production to supplying our peacetime needs.

Still, it will take some time before we can provide service for everyone who wants it. Where the instrument itself is all that is needed, we are well on our way to take off the waiting list all such unfilled applications. But there are many places where we will have to build complicated switchboards . . . others where we will have to put up entire new buildings.

You may be certain, though, that your tele-phone is on the way and that we are doing everything humanly possible to hurry the day we bring it to you.
