

**PRESIDENT OF KINZUA
ENTERPRISE PASSES IN EAST**

Edward D Wetmore, president of the Kinzua enterprise, passed away at Warren, Penn. Jan. 20, 1946, at the age of 85 years. He is survived by his widow Ella Wetmore of Warren and a daughter, Mrs. Alice Brann of Witchita, Kan.

The late Mr. Wetmore was nationally known as a lumberman, timber owner and philanthropist. In 1884 he graduated from Columbia Law school in New York City. However he did practice law but, instead, entered the lumber business as manager of his father's interests in Mackin county, Penn. A few years later gas and oil were discovered on their holdings, which led to the extension of their interests. Later, Mr. Wetmore spent considerable time on the west coast, which resulted in him and his associates acquiring large tracts of timber in Oregon, Washington, California and New Mexico. These tracts were known as the Allegheny Lumber company; Wetmore Lumber company; Conewango Lumber company; Chautaugua Lumber company; Wallowa Lumber company; Kinzua Lumber company; Redondo Development company and the Tiosta Lumber company.

At one time he and his associates were considered one of the largest timber owners in the United States. In later years these timber tracts were all sold excepting the Kinzua Lumber company, located in Wheeler and Morrow counties and the Wallowa tract located in Baker county.

Mr. Wetmore did not confine his interests to lumber and timber alone, but always took an active interest in the civic life of the community in which he was interested.

His family, his friends his business and his country each had its place in his thoughts, and those best acquainted with him knew him to be a splendid example of a great Christian gentleman.

Mr. and Mrs. Bob Miller and Fred Blake motored to Portland Tuesday.

THE NEW ELECTRIC RANGES ARE BETTER

THAN EVER!...says your appliance dealer

YOU'LL LOVE THE BEAUTIFUL NEW MODELS

...gleaming white and streamlined... with no nooks or corners to catch dirt... no smoke or soot to dirty walls and curtains... just a swish with a damp cloth and the electric range itself is clean. Fast cooking elements... thick insulation to hold heat in the oven... automatic timers that cook while you're away... measured heat that saves vitamins and minerals... these are just some of the famous advantages of electric cooking that are back better than ever before. New electric ranges already are arriving, but the demand is heavy, so get your order in now.

...and I'll Run One for less than \$2 a month!

says: *Reddy Kilowatt*
YOUR ELECTRIC SERVANT

ELECTRICITY IS CHEAPER THAN EVER

... at PP&L's new "all purpose" rate. In most homes electric cooking now costs less than \$2 a month. For example, if you are using 100 kilowatt-hours a month, you can buy an additional 100 kilowatt-hours for electric cooking for only about \$1.70! (The typical home uses about 100 kilowatt-hours a month for cooking.) Can you think of a bigger bargain anywhere today? In most homes clean electricity for cooking is now cheaper than old-fashioned fuels! And don't forget that your electric rates have been cut 5 times in the past 10 years... you can count on PP&L to keep on making electricity cheaper and cheaper.
