We're in a quandary. If we worry over currently high prices of food while we're eating, we get indigestion, and if we don't we eat more than we can afford.

• • •
When we get indigestion we sleep like a toy, though. That is, we don't stop turning and twisting for hours.

• • •
Of course, we're better off party who couldn't eat or sleep after his wife left him. She didn't leave him the price of a meal or a bed.

• • •
On the other hand, nothing bothers the Mrs. She sleeps like a log, but she wood.

YOU WON'T FIND A BETTER BUY THAN A GENERAL TIRE.
