**E. L. WORTHINGTON**  
A Scientifically Trained Expert on Hearing Problems will Demonstrate Revolutionary New Hearing System at Heppner.

Mr. Worthington will conduct a free clinic for the hard of hearing at Heppner Hotel on April 4, from 10 a. m. to 5:30 p. m.

Now you can actually have a personal consultation on your hearing problems—actually learn from a trained specialist, without cost or obligation, how you too can enjoy pleasant, relaxed hearing once again.

A feature of this Hearing Clinic will be a demonstration showing how the great new Acousticon Hearing System answers the government's demand to meet each and every need of the hard of hearing . . . and to furnish not just a hearing aid, but a complete hearing system.

An important point of the Acousticon Hearing System is the remarkable Acousticon "Hearing Lenses", made by world's oldest manufacturer of hearing aids. They actually focus sound for the ears the way optical lenses focus vision for the eyes.

The new Post War Super Power Instrument will be demonstrated. Even if you have never heard before, come in and SEE IT! TRY IT! HEAR this astounding New Instrument with the Tiny batteries.

If you are unable to attend the Clinic, an evening appointment in your own home may be arranged.

The Maranatha Ladies Aid society cleaned up the church yard and planted some flowers Wednesday of last week, at the Cooperative church.

Word was received that Mrs. Lee

Pettyjohn underwent an appendectomy at Walla Walla hospital last Thursday.

Mrs. Harriet Lundell is the new clerk in the Swanson store. Clell Rea returned home from

the St. Anthony hospital in Pendleton and is much improved.
