

Farmers May Get More for Wheat

Morrow county farmers who have not sold their wheat have the opportunity to receive 30 cents a bushel in addition to the ceiling price for it, said Henry Baker, county chairman, this week.

The 30-cent premium, offered under government purchase in the Food for Famine drive, may be obtained by signing a contract of sale form, available at any warehouse or elevator or at the county AAA office, if the wheat is delivered to Commodity Credit Corporation before May 25, 1946, and is sold by June 15, 1946.

The contract of sale also provides that wheat under loan to Commodity Credit Corporation need not be redeemed before entering into the sales agreement.

Certificate sale of the wheat under contract of sale entitles the producer to sell on any day he elects up to April 1, 1947, should he not elect to sell before June 15, to obtain the 30-cent premium. The premium is in addition to the ceiling price at the point of delivery for the day on which the producer elects to sell.

Vawter Parker of Hood River was in town recently on his way to Colorado Springs where he will meet his family. Mrs. Parker and the children are coming from Texas where they have been several months while Mr. Parker was establishing his law practice and searching for a domicile.

In 2046 A.D.

every family may have a mechanical Bridget to scrub dirt from the walls.

But in 1946, we still have to save used fat to make enough soap to wash walls and woodwork by hand. Use and re-use food fats and then turn them in to your meat dealer for four cents a pound to make soap and other household essentials. Fats and oils are short the world over. By conserving fats you help to feed the starving millions.

Ione Principal to Head Lex School

William Ludwig principal of Ione high school has signed a contract to be superintendent of the Lexington school for the following school year.

Ludwig, who has had 12 years teaching experience in both grade and high school, is a graduate of Southern Oregon College of Education and has a Bachelor's degree from Walla Walla college. He has had work from the Universities of Oregon, Colorado and Illinois and Washington State college.

He was assistant principal in the Hanford, Wash. school during the emergency when the school enrollment was 1500 at the peak.

He will coach athletics in addition to his other duties in Lexington.

Steward Cole had a long weekend in Joseph, his former home. He returned Tuesday evening.

Dr. L. D. Tibbles went to Port-

land last week to attend a special clinic of osteopaths. He expected to

be gone at least two weeks but was called to Pendleton Wednesday. The younger son of Dr. and Mrs. Tibbles became quite ill in his father's absence so Mrs. Tibbles gathered him up and went to Pendleton where the Doctor was to meet them.

JOHN BRADY
Services were held Monday morning from St. Patrick's Catholic church for John Brady who died

April 18 at St. Anthony's hospital in Pendleton. Mr. Brady had been ill for several weeks at his residence here and was taken to the hospital when his condition became serious. Deceased was a native of Ireland and came to this country about 40 years ago, working as a ranch hand and herder until age forced retirement from active life. As far as could be learned, he had no relatives in this part of the world.

IT COSTS MORE TO BUILD AND OPERATE A POWER SYSTEM, TOO!

● Yes, everyone knows all things cost more today, including the numerous things necessary to build and operate an electric system. Just think...since 1940 our taxes alone have gone up 70%...and average wage rates have increased 44%.

...yet PP&L has CUT average electric rates 30% in the last 6 years!

Here are the facts from the record: PP&L's average rate for residential electric service today is nearly one-third less than it was in 1940... a direct saving to you!

How has this been done while your other expenses have been going up and up? Efficient management, hard work, 36 years of electrical "know how", that's the answer.

Pacific Power & Light
