

School Measure Presented at C. of C.

Supt. George A. Corwin spoke briefly Monday noon on the measure sponsored by the Oregon State Teachers association asking for a change in the per capita base of school census children. The present rate of 30 cents per day is inadequate to meet increasing operating costs and the association is asking that the base be raised to 50 cents per child. The measure will be on the ballot in the general election in the fall and Corwin urged his hearers to inform themselves on its contents.

Jack O'Connor stated that the recreation hall committee would wait upon the city council Monday evening and present the cost sheet for materials and labor.

Rev. Fletcher Forster commented upon the beautiful Catholic shrine in Portland and also told of the manner of observing Mother's Day in Port Arthur, Ontario, where he served a pastorate for several years. He stated that all civic and fraternal groups, men's organizations, gathered at their respective meeting places and marched from there to the churches of their preference, making an impressive ceremony of it each year.

Mrs. Lucy Rodgers reported that

all was in readiness for the trek to The Dalles on Thursday to put on the radio program over Station KODL, sponsored by the Kiwanis club of that city.

LenRay Schwarz had the misfortune to fall on some glass Saturday resulting in a quite serious cut on one leg. It required five stitches to close the wound.

Mrs. Caroline Bergstrom is re-Bergstrom suffered a partial stroke some time back and has been bed-fast since.

Mevin Moyer returned home Saturday from Pendleton where he was a patient in the hospital about two weeks.

GAS AND AIR

FIDELIS UNREIN, Editor
Howdy Folks: We heard about a man who lived to be 94 years old and never used glasses, but then some men prefer to drink right out of the bottle.

And, as some one has said, more glasses are used under the nose than over them, now days.

Of course, the only exercise some fellows get is chinning at the bar.

We heard about one man who was held up on his way home, his case isn't so unusual in view of the fact that many men can't get home any other way.

When some men go out to make hay, they often start with a little rye, but if they keep it up long, they soon get to look a little seedy.

If we could start you using our RICHFIELD PRODUCTS service, we are certain that we would have you as a steady customer after that.

Drop in and let us have a talk about it.
