A STANDARD OF CALIFORNIA PRODUCT

TO MY MANY CUSTOMERS:

Reluctantly and regretfully I am placing my florist business on sale because I no longer have the time nor the energy to operate it myself.

I have greatly appreciated your patronage. It is evident that the people in Morrow county will support this type of business and there is much more in the way of service that the shop can offer when it is operated by someone with fewer home responsibilities.

Saturday, June 1, is the final day of the closeout sale on house plants and vases. Thereafter, until the business is sold and settled in its new location, I will continue to fill funeral, wedding and wire orders, using my home as my headquarters.
