**What our \$400,000,000
five-year expansion program
means to you**

More than \$100,000,000 Construction Planned for 1946

If you are waiting for a telephone... you may be certain that getting one to you just as rapidly as possible has top priority in our plans. We are working full speed on buildings, cables, switchboards and other equipment needed to provide service for everyone who is waiting... and to make service even better for every telephone user.

If you are a farmer... you may expect the extension of telephone service in rural areas. New methods and new developments will be used, including high-strength steel wire, power line carrier equipment and possibly radio for remotest locations. You may also expect fewer parties on the lines, fewer rings for other parties and other service improvements.

If you use Long Distance... you may look forward to an even better and faster service than ever before. We are working on our part of a nation-wide coaxial cable network for long distance calls and television transmission. Equipment will be provided for nation-wide operator dialing of toll and long distance calls and for customer dialing of toll calls between some communities.

Thousands of jobs... millions of man hours of work... will be created by this program, the largest in our company's history. Our total plant investment will be increased to more than a billion dollars. For it is our purpose to provide an ever-widening, ever-improving telephone service... to grow with the West and to help the West grow.

Every day we seek to make telephone service even better than it has ever been before

Howdy Folks: You know the awkward age of a kid is when he's too old to cry and too young to swear

And someone has said that a baby is an alimentary canal with a loud voice on one end and no sense of responsibility on the other.

NOTE TO PARENTS

There's no truth to the rumor that your son will turn out to be a carpenter if you send him to a boarding school.

ONE OF OUR FRIENDS HAS A NEW BABY THAT HE CALLS THE "PRICE OF WALLS."

He admits he's proud of the little rascal, but as he says, there were a lot of other things he needed worse.
