 Howdy Folks: Next Sunday is Father's day. You know what a modern father is. He's a man who's wired for cash.  
 . . .  
 In that connection, many a father is suffering from a touch of the sun.  
 . . .  
 Any one who ever gave the right size shirt on Father's day would have a fit.  
 . . .  
 We heard of one father who claimed that bad weather conditions didn't effect the crop of wild oats in the least.  
 . . .  
 Of course it's all right to grow a crop of wild oats so long as you don't have them threshed out in court.  
 . . .  
 Fathers and sons both like to use our Motor Service.  
 We have a lot of women customers, too. Why can't we have a talk with you, if you're not already a customer?

**the Promised Land.**  
 Truly the land of promise . . . Opportunity Corner is for every business looking forward to greater development. Nature's mountains, plains, rivers and ocean combine with skilled minds and machines to make the Pacific Northwest a fulfillment. To those modern frontiersmen of business, who wish to push on from dreams to reality . . . this is your home.

A land where apple trees bear twice as much fruit as the national average . . . where cows yield 25% more milk . . . where rich acres yield 64% more potatoes . . . 63% more wheat, according to Department of Agriculture statistics.

A land where foothills and mountains nestle mines and smelters working rich ores . . . where forests yield the nation's largest lumber supply . . . where electric power is abundant and cheap . . . where waterways yield rich commercial fishing and irrigation.

A land of pleasant homes and friendly neighbors . . . where people are content, skilled, hard-working and intelligent . . . where city, village and farm are united in determination that the riches of their lands shall go out to help America live better.

A land where you can take a relaxing "vacation" every weekend . . . where the sea, the mountain beauty, the swifling rivers are at your very doorstep . . . a land across whose threshold lie the wonders of Alaska, Canada . . . and the Orient.
